Training Program

Achieving Universal Urban Sanitation

January 19-21, 2017

**Administrative Staff
College of India**

INTRODUCTION

The Administrative Staff College of India (ASCI) announces a training program on '**Achieving Universal Urban Sanitation**' during **January 19-21, 2017**. The program aims to provide enhanced knowledge and skills to policy makers and practitioners at state level, in urban local governments and parastatal agencies in the realization of sanitation goals set out in the **Swachh Bharat Mission (SBM)**.

CONTEXT

Sanitation remains one of the major development challenges in India. A fourth of the urban population in India lacks access to safe sanitation facilities and only 30% to 40% is served by sewerage and wastewater treatment systems. Open defecation is widely prevalent in many cities and towns resulting in undermining environmental sanitation and public health. The Ministry of Urban Development (MoUD), Government of India, recently launched the Swachh Bharat Mission (SBM) scheme for eliminating open defecation and for enhancing sanitation and public health outcomes in urban areas by providing technical and financial support to state and city governments. The SBM aims to achieve the goals of National Urban Sanitation Policy (NUSP) 2008.

The SBM aims to: a) Eliminate open defecation b) Effect behavioral change for healthy sanitation practices c) Augment capacity of ULBs d) Strategize Information, Education & Communication (IEC) and generate public awareness on sanitation and its linkage with public health e) Create an enabling environment for private sector participation in Capital and O&M expenditure.

The training program aims to provide an in depth understanding of policy formulation, strategic planning, technical, financial, social, institutional aspects in achieving city wide sanitation and making cities free from open defecation.

OBJECTIVES

The core objectives of the training program are to provide:

- Comprehensive understanding of policy, strategic planning and models to achieve universal access to sanitation services for urban population particularly the urban poor
- Knowledge and skills required to develop City Level Sanitation Plans, State Sanitation Concept and State Level Sanitation Strategy that encompass modern scientific management of solid waste, faecal sludge management, elimination of open defecation by creation of household toilets, community toilets and toilets in schools
- Technology solutions for sanitation improvement - centralized and decentralized options
- IEC strategies and generation of public awareness to effect behavioral change in sanitation practices and its linkage with public health outcomes
- Financing options for sanitation and exploring possibilities of collaborative service delivery modes leveraging PPP, CSR etc.
- Insight into innovations and good practices (National and International) related to urban sanitation
- Capacity building and education to achieve universal sanitation

PROGRAM STRUCTURE AND CONTENT

The program is structured to offer both conceptual and practical skills. Classroom sessions will be interspersed with case studies, field visits, interaction, discussions, presentations and participant group work.

The course modules cover :

(I) Policy and Institutional framework for sanitation —national, state & city level (ii) Developing baseline information (iii) City - wide/ sector-wide approaches to achieve universal sanitation (iv) Technology choices for coverage, treatment and disposal of Municipal Solid Waste (MSW) and Fecal Waste (vi) Planning for the urban poor through creation of household toilets, community and shared toilets (vii) Planning and financing sanitation - choice of effective modes including PPP and CSR (viii) Demand Generation, Education, Consultation and Communication (ix) Capacity Building for sanitation (x) Identification and sharing of good practices in SWM and Fecal Sludge Management (FSM)

LEARNING METHODOLOGY

The program features an interactive learning approach with a blend of lectures, discussions, case studies, short films, individual and group exercises, exchange of experiences and field visits. In addition, the program offers opportunities for participants to interact with experts and practitioners.

RESOURCE PERSONS

Eminent urban sanitation sector experts, senior policy makers and practitioners will provide resource support for the training.

PROGRAM PARTICIPATION

The program will benefit policy makers, practitioners from state and city governments, elected leaders, representatives, municipal commissioners, public health engineers, municipal health officers, and database administrators from urban local bodies/ water utilities, district officials involved in school sanitation etc.

VENUE

Classrooms are well appointed with air conditioning and A/V equipment; in addition, participants can use the library and computer centre. The Program is fully residential and

the participants will be accommodated in single air-conditioned rooms. The College does not provide accommodation for the family. Transport between airport / railway station and Venue will be arranged by the College. The Bella Vista Campus is Wi-Fi enabled.

DURATION

The Program is from January 19 – 21, 2017. **The participants are expected to arrive a day before and may leave after the completion of the program.**

PROGRAM FEE

A Program fee of **Rs. 34,000/-** (US\$1495 - if foreign) plus 15% Service Tax per participant will be charged to cover tuition, board and lodging, courseware (in electronic form) and other facilities of the College including internet usage.

Rs.28,000/- plus 15% Service Tax for Indian participants not availing hostel accommodation will be charged to cover tuition, course ware (in electronic form) working lunch and other facilities of the College including internet usage.

A discount of 10% on the Program fee for three or more participants from the same organisation will be given, provided the payment is made in to our Bank account before Tuesday, January 17, 2017. Bank details are given below.

For Foreign Participants :

Receiver's Bank of America,
New York (SWIFT: BOFAUS3N)

Correspondent Bank Via Chips ABA 0959 for
Account UID 002473
Via Fedwire 026009593

For Credit of State Bank of Hyderabad,
Treasury Department, Mumbai, India,
SWIFT BIC – SBHYINBB002Nostr
A/c No.6550992180.

Ultimate Beneficiary Administrative Staf College of India,
Account No.62090698960,
State Bank of Hyderabad,
Bellavista, Raj Bhavan Road Branch,
Hyderabad.

For Indian Participants :

BANK PARTICULARS

Bank Name State Bank of Hyderabad
Address line 1 6-3-1092, 1st floor, A Block
Address line 2 Raj Bhavan Road Branch, (Bellavista)
Address line 3 Hyderabad – 500 082
Beneficiary Administrative Staff College of India
Account Name
Bank Account No 62090698675
Bank MICR No 500004008
NEFT IFSC Code SBHY0020063

Organisational Sponsorship is Essential

Note: Details of Bank / Wire transfer may be sent to fo@asci.org.in for confirmation.

MEDICAL INSURANCE

The nominees are requested to carry with them the proof of Medical Insurance. The sponsoring agency is required to endorse the nominee's medical coverage in the event of hospitalization.

LAST DATE FOR NOMINATION

Please use the prescribed/attached form. Last date is **January 05, 2017**. Kindly contact Programs Officer for further details (*contact details are given at the end of the nomination form*).

LAST DATE FOR WITHDRAWAL

January 12, 2017. Any withdrawals after this date will entail forfeiture of fee paid, if any.

ASCI ALUMNI ASSOCIATION

Participants of the college program will automatically become members of the ASCI alumni association.

CERTIFICATE OF PARTICIPATION

The College issues a Certificate of Participation on conclusion of the program.
