53rd ANNUAL REPORT 2009-2010

Chairman's Statement

I have pleasure in presenting, on behalf of the Court of Governors, the Fifty-Third Annual Report and Audited Statement of Accounts of the Administrative Staff College of India (ASCI), for the year ending 31 March 2010.

It has been a reasonably satisfactory year for the College in terms of financial results. In the year ending March 2010, total income comprising both operating income and investment income reached a new high at Rs. 3,150 lakhs, representing an increase of 8.10 per cent over the previous year; and total expenditure amounted to Rs. 3,058 lakhs. After providing for depreciation and accounting for prior period adjustments, the net surplus was Rs. 38 lakhs. This compares with Rs. 307 lakhs in the previous year. The decrease in net operating income was to a large degree on account of higher expenditure on salaries and allowances, a significant part of which was on account of faculty salaries.

The income earned from the management development programmes in 2009-10 was Rs. 1,724 lakhs; and that from the Post-Graduate Diploma in Hospital Management was Rs. 125.59 lakhs. Both these were significantly higher than what was recorded in the previous year. Programmes in the areas of General Management (Rs. 622.49 lakhs), Human Resources (Rs. 399.17 lakhs) and Operations (Rs. 254.85 lakhs) contributed significantly to the income from management development programmes. Overall, the College conducted 181 programmes with 4,206 participants; including 283 participants from abroad (foreign nationals and those representing international institutions) and 495 women participants. The participant profile remains more or less the same as in previous years with 52 per cent of the participants being from the Government sector, 30 per cent from the public sector, and a little under 8 per cent from the private sector; 10 per cent

from banks, both public and private; and about 7 per cent from abroad.

During the period under review, in keeping with the objective of extending management development training to women, the College successfully conducted four programmes exclusively for women that attracted 93 participants. Eleven new programmes were introduced in 2009-10. The College continues to explore new areas of management development activity and, in the year under review, it conducted programmes on such new themes as Treasury and Investment Management; Financial Risk Management and Derivatives; Gender and the Workplace; Gender Budgeting and Planning; Environmental Management Systems in Chemical Industries; ASCI-ICAPMDP on PPP in Urban Infrastructure & Service Delivery; ASCI-WBI MDP on Integrated Municipal Solid Waste Management; ASCI-WBI MDP on Achieving Universal Sanitation in Urban India; Change Management for Achieving Continuous Water Supply (24/7) for All in Urban Areas; Value-based Leadership; and Innovation Management.

The College continues to make progress in its Programme of Post-Graduate Diploma in Hospital Management. This Programme has been recognized by the AICTE and, in the year under review, we had two batches of 29 participants each. The participant profile for this Programme has a significant proportion of graduates in medical sciences. In the short period of its existence, this Programme has established itself in the client community; an indication of which is that several hospitals have come forward with placements for the graduates of this course.

The progress in the management development programmes of the College has been the result of the faculty's commitment to conduct good quality programmes and its initiative to offer new programmes of interest to industry and Government. The faculty has also been involved in research and management studies, which has helped to give the management development

programmes a measure of practical relevance and fresh insights.

Research and management studies activities have continued to grow. During the year, the College received 41 new projects on research and management studies (as against 64 in 2008–09), with a combined value of Rs. 831 lakhs (as against Rs. 1,543.12 lakhs in 2008–09). Of these, research assignments accounted for Rs. 165 lakhs; and management studies accounted for Rs. 666 lakhs. As in the past, the Centre for Energy, Environment, Urban Governance and Infrastructure Development accounted for a major share, bagging 25 projects of the total R&MS activity. The Centre for Management Studies, the Centre for Innovation and Technology, the Centre for Poverty Studies and Rural Development, and the Centre for Economics and Finance also made significant contributions during 2009–10.

The College successfully completed 54 projects—15 research assignments and 39 management studies—as compared to 49 in the previous year, comprising 15 research projects and 34 management studies. ASCI has initiated measures to evaluate the impact on the client organizations of its research and management studies. Management studies and research studies contributed Rs. 591 lakhs and Rs. 396 lakhs, respectively, to the income of the College. Details are provided in the relevant sections of the chapter on “Academic Activities”.

Several important assignments were awarded to the College, reflecting the diversity of subjects handled by ASCI. These included: Draft Postal Bill, 2009; Developing Convergence Guidelines for National Rural Employment Guarantee Act; Technical Assistance and Capacity Building in the Area of Internal Audit for Defence Electronics Research Laboratory (DLRL), Hyderabad; National Urban Water Awards, 2009; Drafting Grid Code and Supply Code for the Joint Electricity Regulatory Commission for Union Territories; Euro-India SPIRIT: Euro-India Synchronization of Policy Initiatives and Research & Innovation Trajectory; Consultancy Services for Human Resource Development Programme on Planning and Management of Eco-Industrial Estates; Preparation of an Integrated Risk Management Policy for Andhra Pradesh State Cooperative Bank; and Performance Management Systems for Container Corporation of India.

Andhra Pradesh, Maharashtra, Gujarat, Bihar, Rajasthan, Manipur, Mizoram and Orissa were among the states

from where projects were secured by the College. Many assignments were also secured from departments, ministries and agencies under the Union Government, such as Urban Development, Environment & Forests, Administrative Reforms & Public Grievances, Power, Steel, Posts, Defence, and Science & Technology. The international institutions that awarded prestigious projects to the College included: the World Bank, Department for International Development (DfID), Govt. of UK, the European Union, German Development Cooperation (GTZ), UNDP and Japan International Cooperation Agency (JICA).

For the fifth consecutive year, ASCI continued to work with the Dept. of Administrative Reforms & Public Grievances (DARPG), Govt. of India, in providing inputs for the prestigious Prime Minister’s Awards for Excellence in Public Administration. The College assisted DARPG in carrying out scrutiny, evaluation as well as spot studies of the nominations received under the scheme.

In line with the Vision Committee’s recommendations that greater salience be given to work on good governance, poverty studies, rural development and human development, ASCI has been directing its attention to building capacities and achieving results in these key areas.

During 2009–10, four new faculty members were recruited, two members retired and two left the College. The faculty strength by end-March 2010 was 44, the same as in the previous year. In recruiting new faculty, ASCI looked for younger professionals and had a measure of success in reducing the age profile of its faculty. At the invitation of the Chairman of the Court of Governors, Mr. Narayan Valluri, IAS (retd.), former Member Secretary, Expenditure Reforms Commission, Government of India, joined the College as Honorary Advisor during the year. The chapter on “Governance of the College” and Annexure 3 provides the details.

On 28–30 December 2009, the College organized an International Conference on Global Inter-dependence and Decision Sciences, led and anchored by the Centre for Innovation & Technology, ASCI, and sponsored by the Dept. of Science & Technology (DST), GoI, and Council of Scientific & Industrial Research (CSIR), GoI.

ASCI also organized two seminars: Financial Crisis, 2008: Anatomy of Failure, by Dr. A. Premchand, former Head of Public Expenditure, International Monetary

Fund; and Fiscal Consolidation with High Growth by Dr. Sudipto Mundle, Emeritus Professor, National Institute of Public Finance & Policy; and former Director, Strategy & Policy Dept., Asian Development Bank.

As in previous years, the College organized several memorial lectures by eminent persons. The Mr. K. L. N. Prasad Memorial Lecture on “Corporate Governance: Tyranny or Triumph?” was delivered by Mr. G. N. Bajpai, former Chairman, Life Insurance Corporation of India. The Rajiv Gandhi Memorial Lecture on “Knowledge for Growth: Harnessing India’s Demographic Dividend” was delivered by Mr. Sam Pitroda, former Chairman, National Knowledge Commission. The Dr. B. R. Ambedkar Memorial Lecture on “Ambedkarism: Its Impact on the Constitution of India” was delivered by Justice M. N. Rao, former Chief Justice, High Court of Himachal Pradesh, and Member, ASCI Court of Governors. Six public lectures by eminent personalities (details are available in Annexure 6) were also organized by the College, including the ASCI Foundation Day Lecture on “Development of a Competitive Manufacturing Industry” by Dr. V. Krishnamurthy, Member, ASCI Court of Governors; and Chairman, National Manufacturing Competitiveness Council, Ministry of Commerce & Industry, GoI.

During 2009–10, the General Body of the College Society met once, the Court of Governors (CoG) thrice and the Standing Committee of the CoG on four occasions. The College continues to receive valuable guidance and direction from its distinguished Court of Governors on various aspects of its activities, the development of infrastructure and its investments.

During the year under review, new construction work on the Administrative and Hostel Blocks at the College Park Campus in Banjara Hills was initiated. It is expected that the structural work will be completed by the end of March 2011.

I am happy to record that the College continues to enjoy the cooperation and support of the Government of India, state governments, industry and international organizations.

Looking ahead, I believe the College will continue to maintain its tempo of activity. ASCI has been reinforcing its existing capacities and building new ones by recruiting new faculty and undertaking a wider range of

programmes and studies. Steps are being taken to further enhance its international reach. Streamlining of administrative and financial processes and upgrading of infrastructure facilities continue to be given due attention. As an institution of national importance, working in the area of enhancing the professional quality of management in governments and industry, ASCI looks forward to continuing its service to the nation.

The progress of the College during 2009–10, as in earlier years, could not have taken place without the involvement and continued dedicated efforts put in by the Director-General and his team of faculty, officers in administration and staff at all levels. I extend my warm commendation to all of them for their efforts.

Governance of the College

A. General Body

During 2009–10, the General Body of the College Society met once. The composition of the 93-member College Society as on 31 March 2010 is as follows:

Table 1: **College Society**

<i>Member Category</i>	<i>Public Sector</i>	<i>Private Sector</i>	<i>Government</i>
Honorary patrons for life	10	11	–
Patrons	–	1	–
Ordinary	27	28	12

The detailed list is presented in Annexure 1.

B. Court of Governors

During the year under review, the Court of Governors (CoG) met thrice. Dr. Shankar Acharya, Member, Board of Governors and Honorary Professor, Indian Council for Research on International Economic Relations (ICRIER), was invited to be a Member of the CoG. Mr. Ashok Chawla, IAS, Finance Secretary, Govt. of India (GoI), Mr. Shantanu Consul, Secretary, Personnel & Training, GoI, Mrs. Vibhupuri Das, IAS, Education Secretary, GoI, and Mr. S. V. Prasad, Chief Secretary, Govt. of Andhra Pradesh (GoAP), were invited as members of the CoG in their ex-officio capacities.

The list of elected, co-opted and ex-officio members of the CoG as on 31 March 2010 is given in Annexure 2.

C. People

During 2009–10, the College recruited four faculty members. The new members joined the following centres:

- ▶ Centre for Management Studies:
 - Prof. Milind Phadtare, Professor

- ▶ Centre for Healthcare Management:
 - Prof. Anirban Sengupta, Professor
- ▶ Centre for Energy, Environment, Urban Governance and Infrastructure Development:
 - Ms. Ekta Singh, Assistant Professor
 - Mr. Rajkiran V. Bilolikar, Assistant Professor

The following faculty members retired from ASCI: Prof. M. Surendar Reddy and Prof. R. N. Saxena. The following faculty members left the College during the year: Mr. Mohammed A. Abid and Dr. A. Amarender Reddy.

Mr. Narayan Valluri, IAS (retd.), former Member Secretary, Expenditure Reforms Commission, Govt. of India, joined ASCI as Honorary Advisor.

The list of faculty members, honorary visiting professors, advisors and consultants, and officers in administration of the College, as on 31 March 2010, is given in Annexure 3.

Academic Activities

A. Research and Management Studies

In line with the recommendations of the Vision Committee, the Administrative Staff College of India has been increasingly directing its endeavors towards identifying areas of current concern and topical interest to Government and industry for developing suitable proposals.

The research and management studies undertaken by the College are predominantly action-oriented and are driven by the policy and capacity-building needs of Government and industry.

New Assignments

The year under review once again witnessed the diversity of themes covered by various projects in functional as well as sectoral areas. ASCI's efforts were focused on working on new projects in these areas. These include: energy, urban infrastructure, corporate governance, administrative reforms, service delivery, regulatory issues, risk management, health studies, work culture, technology management and human resource development. The sizeable number of assignments received in these diverse sectors is testimony to the varied capabilities of the College faculty. ASCI has effectively leveraged the skills, expertise and experience of its faculty to successfully carry out the assignments and maintain its momentum in attracting new projects.

During 2009–10, the College received 41 new assignments for research and management studies (R&MS) valued at Rs. 831 lakhs. Of these, research studies assignments accounted for Rs. 165 lakhs; and management studies accounted for Rs. 666 lakhs. Of the 41 new assignments received, the Centre for Energy, Environment, Urban Governance & Infrastructure Development (CEEUG&ID) secured 25 projects.

As in the previous year, CEEUG&ID continued to account for a sizeable chunk of the projects (see Table 1). Areas under the Centre have won several prestigious contracts, many of them via an open and competitive bidding process.

These assignments were awarded by national and international agencies, enterprises and establishments in the corporate sector, as well as the central and state governments (Annexure 5-C gives a complete list of the new research and management studies received by ASCI during 2009–10). Andhra Pradesh, Maharashtra, Gujarat, Bihar, Rajasthan, Manipur, Mizoram and Orissa were among the states from whom projects were secured by the College. Many assignments were also secured from departments, ministries and agencies under the Union Government, such as Urban Development, Environment & Forests, Administrative Reforms & Public Grievances, Power, Steel, Posts, Defence, Cooperative Banks, and Science & Technology. International institutions that awarded prestigious projects to the College include: Department for International Development (DfID), Govt. of UK, the European Union, German Development Cooperation (GTZ), UNDP and Japan International Cooperation Agency (JICA).

For the fifth consecutive year, ASCI continued to work with the Dept. of Administrative Reforms & Public Grievances (DARPG), Govt. of India, in providing inputs for the prestigious Prime Minister's Awards for Excellence

in Public Administration. The College assisted DARPG in carrying out scrutiny, evaluation as well as spot studies of the nominations received under the scheme. Similarly, the Director-General of ASCI was a member of a panel of judges that selected the best steel plant in the country for award of the Prime Minister's Trophy.

Assignments Completed

The College successfully completed 54 projects (15 pertaining to research studies and 39 to management studies) during the year (as compared to 49 in the previous year, comprising 15 research studies and 34 management studies). Annexure 5-B provides full details of the research and management studies completed by ASCI during 2009-10. The Centre for Energy, Environment, Urban Governance & Infrastructure Development once again maintained its lead, with a project closure score of 26 (see Table 2 below).

Income Earned

The income earned from various projects during the year amounted to Rs. 987.60 lakhs. The break-up is given in Table 3 below.

Table 3
Income Earned from Research & Management Studies

<i>Activity</i>	<i>in Rs. Lakhs</i>

Research studies	396.41	389.64
Management studies	591.19	620.72
Total	987.60	1,010.36

Thus, there is a marginal decrease in the project income to the tune of about 2.25 per cent.

During the year under review, ASCI submitted many proposals for providing advisory, technical assistance, and research and management services in several focus areas. It is envisaged that some of these will translate into contracts of substantial size in the coming year.

Projects Carried Over

A total of 89 research and management studies were carried over from the previous year to 2009-10 (see Annexure 5-A for the complete list of projects that were carried over and the respective and organizations/agencies). Here too, a majority of the assignments were undertaken by the Centre for Energy, Environment, Urban Governance & Infrastructure Development (see Table 4 below).

Impact Assessment of Projects

The impact of projects undertaken by the College has largely been in two areas: Urban Governance and Energy. In the former, ASCI has become an advisor and facilitator for urban development projects, both at the central policy-making level and for the implementation of JNNURM projects in the states of Kerala, Orissa and Jharkhand. As can be seen, the share of this sector in the College portfolio is very large and amounts to around half the number of projects on hand.

In the case of the Energy area, which is also part of the same centre, this is due to the signal contribution of Mr. K. Balarama Reddi, Senior Advisor, and his group of consultants.

B. Management Development Programmes

The College contributed to the success of the management development programmes during 2009–10. The total earned income from MDPs during the year was Rs. 1,723.85 lakhs—a 21 per cent increase over the 2008–09 income of Rs. 1,426.12 lakhs. The contribution of each of the three categories of programmes is shown in Table 5 (see Annexure 4 for a complete listing of the programmes). It may be noted that the income of Rs. 125.59 lakhs generated by the ASCI Post-Graduate Diploma in Hospital Management (PGDHM) is not included in the total earned income from standard MDPs.

College announced	615.19
In-company on-campus	1,040.41
In-company off-campus	68.25
Total	1,723.85

Programmes in the areas of General Management (Rs. 622.49 lakhs), Human Resources (Rs. 399.17 lakhs) and Operations (Rs. 254.85 lakhs) contributed significantly to the income from MDPs.

Announced	66	67
In-company on-campus	94	95
In-company off-campus	12	19
Total	172	181

Faculty members initiated new announced programmes of interest to academia, Government and industry. An increase in income from all the three categories of programmes, with a substantial contribution by the in-company on-campus and announced programmes, resulted in increased MDP revenues for the College.

As can be seen from Table 6, of the 181 programmes conducted during 2009–10, 67 were announced programmes (compared to 66 in the previous years). The in-company on-campus training programmes also increased marginally, while the number of in-company off-campus programmes increased by more than 50 per cent. (Tables 8, 9 and 10, respectively, provide an area-wise break-up of these three categories of programmes, with details of participation).

The sector-wise break-up, shown in Table 7, indicates that participation by the Government, public sector and banks increased during the year under review. It is also noteworthy that the number of women participants in ASCI's management development programmes increased by 22 per cent during 2009–10. Participation by foreign nationals also increased, though marginally.

Compared with the previous year, the number of participants who attended the College- announced programmes grew from 1,359 to 1,442; but the number of participants in the on-campus programmes decreased marginally from 2,230 to 2,168.

During the year, 11 new programmes were announced and conducted on the following themes: Treasury and Investment Management; Financial Risk Management and Derivatives; Gender and the Workplace; Gender Budgeting and Planning; Environmental Management Systems in Chemical Industries; ASCI-ICAPMDP on PPP

in Urban Infrastructure & Service Delivery; ASCI-WBI MDP on Integrated Municipal Solid Waste Management; ASCI-WBI MDP on Achieving Universal Sanitation in Urban India; Change Management for Achieving Continuous Water Supply (24/7) for All in Urban Areas; Value-based Leadership; and Innovation Management.

Outlook for the Future

ASCI continues to make strides in delivering quality management development programmes for the government, public sector undertakings and private corporations. The announced programmes are primarily targeted at the public sector, and it is expected that the faculty will take new initiatives to expand its footprint in this important business sector. The College also intends to adopt methods to improve further the quality of MDP delivery while aiming to enhance its standing among training and development institutes of the country. While doing so, ASCI will continue its long-standing relationship with government departments and public sector undertakings. The college community at large works in unison to provide high-quality hospitality and allied services with a human touch.

Activities of the Centres

I. Centre for Public Policy, Governance and Performance

Research & Management Studies

New Projects

- Draft Postal Bill, 2009: Sponsored by Dept. of Posts, Ministry of Communications & Information Technology, Govt. of India (GoI).
- Evaluation of AMR-Andhra Pradesh Academy of Rural Development Training Programmes: Sponsored by A. Madhava Reddy-Andhra Pradesh Academy of Rural Development (AMR-APARD), Hyderabad.

Completed/Ongoing Projects

In addition to the projects received, the Centre for Public Policy, Governance & Performance (CPPGP) worked on the following projects during the year and completed most of them:

- Factor Productivity and Marketed Surplus of Major Crops in India: Sponsored by
- Planning Commission, GoI. This study was completed during the year.
- Export Potential of Khadi Institutions: Sponsored by Khadi & Village Industries Commission, Mumbai. The study was completed during the year, and the report was well received.
- Implementation of Sevottam in Two Departments: Sponsored by Dept. of Administrative Reforms & Public Grievances, GoI. The project was underway and nearing completion.
- Aceh Scoping Study: Sponsored by Ministry of External Affairs, GoI. The study was underway during the year; the ASCI team visited Aceh in March 2009.
- Repositioning of Postal Services: Sponsored by the Dept. of Posts, GoI. The project was completed during the year.

Management Development Programmes

CPPGP organized a Programme for Sri Lankan Senior Officials: Innovations in Government (16–28 November 2009), sponsored by the Commonwealth Secretariat. The focus of the programme was on policies and strategies with respect to a new approach to public administration and management for national competitive advantage and capacity building of civil servants. Exposure visits to Patna and Delhi were also organized as a part of the programme, during which the participants were able to observe public administration reform practices.

II. Centre for Poverty Studies and Rural Development

Management Development Programmes (MDPs)

The contribution made by the Centre for Poverty Studies and Rural Development (CPSRD) to the capacity building of managers and entrepreneurs from small and medium enterprises (SMEs) of continental Africa during the previous years has been widely recognized by international sponsors like Commonwealth Secretariat (ComSec), London, the Norwegian Fund (Norfund), Centre for the Development of Enterprise (CDE), Brussels, and Messrs Aureos Capital Ltd., London. Based on the positive feedback from African SMEs who participated in the on-campus training programmes at ASCI, CPSRD was invited to offer an off-campus one-week management development programme (MDP) for SMEs from various countries in the Pacific region, like the Papua New Guinea (PNG), Fiji, Tonga, Samoa and Vanuatu. Based on the training needs analysis conducted through a telephonic survey with a sample of investee companies of Aureos Capital (Pacific Capital Partners, Brisbane) in the Pacific region, a customized MDP was offered in collaboration with the Divine Word University (DWU) in Madang, Papua New Guinea, during 26–30 October 2009. The programme was sponsored by ComSec and CDE.

Besides 20 participants from SMEs based in PNG, Fiji, Tonga and Vanuatu, one observer each representing the ComSec and CDE, and two observers from the Pacific Capital Partners participated in the above-mentioned

MDP. The wide coverage in the national press of PNG apart, the programme received very encouraging feedback from the observers, participants and their sponsoring employers. In the reactive feedback obtained from the participants at the end of the programme, it was reported that the programme offered an opportunity for a clinical analysis of small business problems in the region through field visits and classroom exercises, and that more such learning opportunities were required for equipping SMEs in the region to compete globally. This positive feedback is likely to pave the way for repeating the programme in future in PNG and neighbouring countries of the Pacific region.

The positive feedback received on the programme sponsored by the Dept. of North-Eastern Region (DoNER), Govt. of India (GoI), for senior officers of state governments across the region in the areas of planning, implementation, monitoring and evaluation (PIME) of development programmes, in March 2009, led to a repeat programme during 25–29 May 2009. As against 18 participants in the previous programme, 25 participants attended the second PIME course. Feedback from the participants indicated that there was widespread appreciation of the tools and techniques discussed during the course for strengthening formulation and implementation of development projects in the North-Eastern region. CPSRD has also contributed to the design and delivery of ASCI's Advanced Management Programme 2009 through co-direction of both its domestic and international components.

CPSRD organized a National Seminar on Micro Finance Development and Cooperative Credit Institutions at ASCI on 5–6 March 2010 with sponsorship support from the National Bank for Agriculture and Rural Development (NABARD). Representatives of district central cooperative banks, state departments of cooperation, the National Cooperative Union of India, micro-finance institutions (MFIs), state cooperative banks, NABARD and RBI attended the seminar. Some interesting papers were presented on the role and relevance of MFIs in reducing poverty. Besides presentation of papers by MFIs, representatives of state cooperative banks and other cooperatives also made insightful presentations on the progress of reforms in the cooperative credit sector following the recommendations of the Vaidyanathan Committee. The seminar was inaugurated by Dr. S. K. Rao, Director General, ASCI; and the valedictory address was delivered by Shri V. Bhali, Chief General Manager, NABARD, Mumbai.

In terms of institutional linkages, CPSRD has actively contributed to the institution-building efforts of the National Institute for Micro, Small and Medium Enterprises (NIMSME) by assisting them in the screening of applications for the recruitment of faculty. The Ministry of Micro, Small and Medium Enterprise, Govt. of India, subsequently requested the Director of CPSRD to chair the meeting of the selection committee for recruitment of faculty in NIMSME. Similar support was also provided to the AMR-Andhra Pradesh Academy of Rural Development (APARD), the state institute for rural development, in selection for their faculty resources.

CPSRD was also invited to make a presentation on "Strategies for Designing and Strengthening Anti-Poverty Programmes" to the Central Civil Services (Group 'A') batch, 2009, attending their Foundation Course at the Dr. Marri Channa Reddy Human Resource Development Institute (MCRHRDI). The Center was also invited to make repeat presentations at the National Academy of Agricultural Research Management (NAARM) to contribute to the capacity-building effort of the Indian Council of Agricultural Research (ICAR) to transform the National Agricultural Research System (NARS) into the National Agricultural Innovation System (NAIS). Similarly, faculty resource support has been extended to the National Institute of Agricultural Extension Management (MANAGE) and the Institute of Public Enterprise (IPE). The National Mineral Development Corporation invited the Director, CPSRD, to deliver the keynote address to launch the 'Productivity Week' celebrations that began on the 12 November 2009.

Research and Management Studies

After CPSRD joined the Professional Institutional Network (PIN) constituted by the Ministry of Rural Development (MoRD), Govt. of India, during 2008–09, the involvement of the Centre with the Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) has been consistently growing. Soon after the initial appraisal by CPSRD of MGNREGA in three districts of Andhra Pradesh, completed in July 2009, MoRD awarded the Centre a study to develop guidelines for convergence of the development schemes of the Ministry of Agriculture (MoA) and MGNREGA, with funding support from UNDP, New Delhi. Guidelines were developed for convergence of the Rashtriya Krishi Vikas Yojana (RKVY); the National Horticulture Mission (NHM) and the National Food Security Mission (NFSM) with MGNREGA. When the year under review closed, the

process of consultation between the Dept. of Agriculture & Cooperation in MoA and the Dept. of Rural Development in MoRD was underway. The study was carried over to the next financial year.

Besides, CPSRD was invited in December 2009 to join the Expert Committee for Selection of Awardees under the Scheme of Award for Excellence in NREGA Administration. Further, the Centre was also represented on the Working Group for Development of Individual Lands under MGNREGA, constituted in March 2010, as part of the effort in the Govt. of India to strengthen the implementation of the Act. A presentation was made to the Administrator, UNDP, Ms. Helen Clark, at a Round Table Discussion organized on 7 March 2010 at Udaipur to brainstorm the problems and prospects for the effective implementation of MGNREGA.

The Dept. of Land Resources (DoLR) in MoRD, GoI, awarded CPSRD a study in December 2009 for designing the Programme Management Unit (PMU) to facilitate effective implementation of the National Land Records Modernization Programme (NLRMP). The study involved an analysis of various initiatives in land records management across the country, such as the Bhoomi project in Karnataka; Bhu Bharati project in Andhra Pradesh and similar land records modernization projects in Tamil Nadu, West Bengal and other states. Based on the assessment of the status of land records modernization in different states, a unique organizational design has been recommended to DoLR, specifying the job description, competency profiles and suggestions for talent sourcing to make PMU operational. The report is being positively considered by the Govt. of India for setting up the unit. The study was carried over to the next financial year.

To provide opportunities to the rural population for education and acquisition of skills, who often find the opportunities to be expensive and inaccessible, the National Council of Rural Institutes (NCRI), Hyderabad, an autonomous institute under the Ministry of Human Resource Development, Govt. of India, has been assisting institutions that are seeking to implement Gandhiji's ideas and ideals of rural development and rural transformation. At the request of NCRI, CPSRD took up a study in September 2009 on monitoring and evaluation of NCRI projects. The study covered the activities of 13 rural institutes in eight states in the areas of rural higher education, vocational studies, Gandhian studies,

entrepreneurship development and networking of rural institutes. Following the completion of the study in November 2009, a new framework for monitoring ongoing projects and for evaluating completed ones was recommended to NCRI and a presentation made to their governing council. The study also pointed to the need for strengthening the capacity-building activities of NCRI aimed at teacher training (with a focus on children); peace and conflict resolution (with a focus on youth); and micro-planning (with a focus on panchayati raj institutions).

CPSRD submitted the final reports for two studies during the year under review: Corporate and Recovery Plan for the Nagaland Industrial Development Corporation (NIDC) and for the Nagaland Handicrafts and Handlooms Development Corporation (NHHDC). The studies have made recommendations for strengthening both the organizations, given the challenges of the business and development environment in Nagaland, particularly in the context of the law and order scenario in the state. Some innovative suggestions have been made for creating and sustaining a superior strategy fit between the two vital state-level public enterprises and their policy environment. The Government of Nagaland (GoN) has been examining the recommendations of CPSRD, and it is expected that the recovery packages for repositioning the two institutions will soon be considered. Pending a formal presentation to GoN, both the studies were carried over to the next financial year.

III. Centre for Human Development

The Centre for Human Development (CHD) comprises three areas: Health Studies, Education Studies and Gender Studies. All the three areas of social development are critical to the achievement of the global Millennium Development Goals.

Compared to the previous year, work began in earnest in all the areas of the Centre. While the Health area led the way in terms of continuity in work, other areas also found support for management development programmes and research and management studies.

Health Area

The Health Studies area received another project under ASCI's partnership in the DFID-funded, Family Health International-led project on Andhra Pradesh Health Sector Reforms Programme for the period September 2008–June 2010. The project envisages providing

technical assistance to the Dept. of Health, Medical and Family Welfare, Govt. of Andhra Pradesh, to undertake a major overhaul of the public health sector so as to improve health service delivery to the rural and poor segments of the state. ASCI's role in this project has been to support a process consultancy, which includes training and capacity building, procurement and some financial management. One consultant was hired for this project full time. The project was nearing completion at the close of the year under review.

The Health area had received, during 2008–09, a project for a concurrent evaluation of the National Rural Health Mission in Andhra Pradesh. In the first phase of this evaluation, ASCI carried out field surveys in six districts of Andhra Pradesh to ascertain, monitor and evaluate the quality of care provided. All the data collection for this study was completed during 2009–10. The final report is to be submitted after a review by the Ministry of Health & Family Welfare, Govt. of India.

In November 2008, the Health area had been awarded a project on the Effectiveness of Behaviour Change Communication Training in the Medak and Raichur Districts by UNICEF, Hyderabad. The project was completed and submitted to UNICEF during the year under report.

The project on Impact Assessment Study: Resettlement & Rehabilitation in Eight Districts, for UNDP and the Govt. of Orissa, was completed in September 2009. The report submitted was well received. The project had been awarded during 2008–09.

The Health area was engaged in several management development programmes (MDPs). These included:

- Using Data for Programme Monitoring and Evaluation: 17–19 December 2009 (17 participants). This was a college-announced programme.
- Using Data for Programme Monitoring and Evaluation of NGO Partners of UNICEF. The programme was held twice for UNICEF, Hyderabad: 21–23 January 2010 (49 participants) and 22–24 February 2010 (35 participants).
- Advanced Techno-Management Programme for Middle-Level Scientists: 4 January–5 February 2010 (18 participants): This general management programme was jointly conducted with faculty

from the Human Resources area and sponsored by the Dept. of Science & Technology, Govt. of India.

- Executive Level Course on Evaluations: 6–10 April 2009 (30 participants). The programme was sponsored by UNICEF, New Delhi, and the participants included senior government officers and members of NGOs.

Before the Post-Graduate Diploma in Hospital Management (PDGM) programme was shifted to the newly created Centre for Health Care Management, the Health Studies area had successfully concluded the training of the third batch of students. Admissions to the fourth batch were completed, and students were halfway through their programme at the end of the year under review.

Faculty in the Health area were also engaged in research and consultancy in their individual capacities. These are reported separately, and such activities strengthen the area as a whole.

Education Area

The Education area received grants towards projects during the year under review. The World Bank Institute (WBI) awarded, during the year, a project for the Development of e-Content on Social Accountability for Senior- and Middle-Level Government Leaders. The project was completed in July 2009 and submitted to the World Bank Institute.

During 2008–09, ASCI had been awarded an advocacy project by UNICEF, Hyderabad, on Promoting Quality Education for Children belonging to Tribal Communities in Andhra Pradesh: Proposal for Participatory Review, Organizational Assessment and Advocacy. Work was in progress during 2009–10, and the project was carried over to the next financial year.

The Sports Authority of Andhra Pradesh has commissioned ASCI to undertake a project on the Formulation of Detailed Project Report (DPR) for Implementation of Panchayat Yuva Krida Aur Khel Abhiyan (Pykka) in Andhra Pradesh (2010–20). The project was awarded in January 2010.

A project on the Euro-India Spirit was initiated on 1 January 2010 by a consortium of several European and Indian partners, including ASCI. More specifically,

the objective of the Euro-India Synchronization of Policy Initiatives and Research & Innovation Trajectory is to provide support to information society policy dialogues and strengthen international cooperation. The proposal for this project, jointly prepared and submitted by the Chairperson, Education area and the Chairperson, Innovation area was accepted before the close of the year under review.

The MDP on Educational Leadership and Administrative Law for Vice Chancellors and Senior-Level Educational Managers (25–27 May 2009, 15 participants) was well received. The feedback indicates that ASCI should conduct only one programme a year on this theme

Gender Area

Faculty of the Gender Studies area regularly delivered a module for several ASCI management development programmes (MDPs) held during the year.

The following programmes were directed by the Gender faculty during the year:

- Enhancing Managerial Effectiveness and Capacity Building for Officials from the Govt. of Afghanistan: 27 Sep–8 Oct 2009 (18 participants). This programme was co-directed with faculty from the Human Resources area and was sponsored by the Govt. of Afghanistan.
- General Management Programme for Senior Women Scientists: 23 November–4 December 2009 (28 participants). The programme was co-directed with faculty from the Economics area and was sponsored by the Dept. of Science & Technology (DST), Govt. of India (GoI).
- Management Development Programme for Women Executives: 4–8 January 2010 (13 participants). This college-announced programme was co-directed with faculty from the Human Resources area.
- Programme on Gender Budgeting and Planning: Practices for Equity and Accountability: 11–13 January 2010 (14 participants).
- Ethical, Legal and Gender Issues in Science for Women Scientists: 18–22 January 2010 (28 participants). Sponsored by DST, GoI.

A Gender faculty member presented a paper on “Researching Violence: A Focus on Social Capital” at

the Ninth Annual Fellows Conference of the Asian Scholarship Foundation (ASF) on Forging Our Asian Commitment: Regional Perspectives on and Responses to the Global Crisis, held in Bangkok, 17–18 July 2009.

IV. Centre for Economics and Finance

The Centre for Economics and Finance (CEF) has been involved in a number of management development programmes and, research and management studies. The details for the two areas are provided below:

International Trade and Finance, Industry, Macroeconomic Policy and Public Finance Area

Management Development Programmes

The Economics area has been involved in training activities in terms of programme direction, module coordination as well as handling sessions in programmes for scientists and government officials, and conducting general management programmes for the corporate sector. The details are provided below:

General Management Programme for Senior Scientists: 15 June–26 June 2009 (25 participants). Sponsored by the Dept. of Science and Technology (DST), Govt. of India (GoI).

- Programme for Senior Officers of the Indian Economic Service: 14–18 September 2009 (15 participants). Sponsored by the Dept. of Economic Affairs, GoI.
- Basic Course on WTO for IAS Officers: 2–6 November 2009 (14 participants). Sponsored by the Dept. of Personnel and Training (DoPT), GoI.
- Advanced Course on WTO for IAS Officers: 16–20 November 2009 (21 participants). Sponsored by DoPT, GoI.
- General Management Programme for Senior Women Scientists: 23 November–4 December 2009 (28 participants). The programme was co-directed with faculty from the Gender Studies area and was sponsored by DST, GoI.
- Science and Law for Scientists: 1–5 February 2010 (16 participants). Sponsored by DST, GoI.
- WTO Issues for Senior ISS Officers & Senior Officers of States/UTs: 15–19 February 2010 (10 participants). Sponsored by the Ministry of Statistics & Programme Implementation, Govt. of India.

A faculty member of the area taught a module on Health Economics to the participants of the Post-Graduate Diploma in Hospital Management (PGDHM), a two-year masters programme conducted by ASCI.

Economics area faculty took sessions in a number of management development programmes (MDPs), including Advanced Management Programme, Financial System Management and Accountability in Government, and MDPs for ISRO and IFFCO.

Research and Management Studies

The Economics area was involved in the following research and management assignments:

- Cross-Media Ownership in India: Carried over from 2008–09, the study is sponsored by the Ministry of Information & Broadcasting (I&B), Govt. of India (GoI). The draft report was submitted and a presentation made to the client in June 2009. Following the presentation and comments received from the ministry, the final report was submitted in July 2009.
- Improvement in the Quality of Public Expenditure to Obtain Better Outputs and Outcomes: Awarded by the Thirteenth Finance Commission, GoI, in July 2008. The study was completed and the final report was submitted to the client in May 2009.
- Developing a Revenue Forecasting Model for AP: The study was awarded by the Govt. of AP (GoAP) in 2008–09. The revised final report was submitted to the client during the year, and comments from GoAP are awaited.

The Economics area Chairperson, jointly with the Operations area Chairperson, participated in a National Conference on the State of Competition in the Indian Economy held in New Delhi, 11–12 June 2009. The conference was jointly organized by the Competition Commission of India and the Investment Climate Advisory Service (FIAS), part of the World Bank Group. Both the ASCI chairpersons presented a report based on the research study Competition Issues in the Domestic Segment of the Air Transport Sector in India completed by the Economics area in 2008–09. The presentation was well received. The conference was attended by eminent personalities from the government, academia and industry, as well as international organizations like the World Bank and DfID among others.

A senior member of the Economics faculty attended a UNDP and Govt. of India-supported capacity assessment (CA) mission held in Chhattisgarh during 18–24 August 2009. The follow-up of the mission is to assess the capacities of other states to train elected representatives and officials at different levels, preparation of perspective plans and action plans, and their implementation in the respective states. This exercise will continue till the end of the Eleventh Five-Year Plan. The Ministry of Panchayati Raj, Govt. of India, has requested ASCI to help them out in this massive effort.

College-Related Administrative Activities

The Economics area Chairperson functioned as the Dean of Management Development Programmes (DoMP) till August 2009.

A senior faculty member was nominated as Chairman of the ASCI Procurement Committee. He was engaged in preparing guidelines to improve the procurement of goods and services by the college.

Impact of Research Studies

- The recommendations of the study on Cross-Media Ownership in India, sponsored by the I&B Ministry, GoI, are expected to contribute to the drafting of the bill on Broadcasting Law in India.
- The research study on Competition Issues in the Domestic Segment of the Air Transport Sector in India, completed during 2008–09, has been well received and is expected to contribute to the advocacy aspects of the Competition Commission of India, New Delhi.

Money, Banking, Corporate Finance and Governance Area

Management Development Programmes

The Finance area faculty conducted the following programmes:

- Management Audit: A Way Forward for Performance Improvement: 6–10 April 2009 (35 participants); 5–9 October 2009 (18 participants).

- Training Programme on Budgeting and Public Financial Management for Officers in the Finance Department: 10–12 March 2010 (23 participants). This was an off-campus programme.

Research and Management Studies

The Finance area was involved in the following research and management studies:

- Technical Assistance and Capacity Building in the Area of Internal Audit for Defence Electronics Research Laboratory (DLRL), Hyderabad. The project was awarded and completed during 2009–10.
- Study of Gold Loan Portfolio: Sponsored by Andhra Pradesh Co-operative Bank Ltd. (APCOB). The study was received in 2008–09 and completed in May 2009.
- Preparation of an Integrated Risk Management Policy for APCOB: The study was awarded in April 2009 and completed in March 2010.
- District Central Cooperative Banks in Andhra Pradesh: Retail Loans, Banks' Gold Loans to Individual Portfolios: Sponsored by APCOB, the study was awarded May 2009 and was completed in January 2010.
- Research Study on Corporate Governance Practices of State-Level Public Enterprises (SLPEs) in AP and Corporate Governance Practices in SMEs: Sponsored by National Foundation for Corporate Governance (NFCG), New Delhi, the project was awarded in November 2007 and completed in December 2009.
- Conference on Corporate Governance Reform for State-Level Public Enterprises (SLPEs) of Karnataka. Sponsored by NFCG, the project was

awarded in January 2009 and work was underway during the year under review.

- Corporate Plan and Recovery Plan for the North-Eastern Handicrafts & Handlooms Development Corporation (NEHHDC): Sponsored by NEHHDC, the project was awarded during 2007–08 and completed during the year. The study was jointly conducted with the Centre for Public Policy, Governance & Performance (CPPGP).
- Study of Cost Chart Mechanism: Sponsored by Khadi & Village Industries Commission (KVIC), Mumbai, the project was awarded during 2007–08 and completed during the year.
- Evaluation Study on the Impact of Product Development, Design Intervention and Packaging (PRODIP) Scheme for KVIC. Sponsored by KVIC, Mumbai, the project was awarded during 2007–08 and completed during the year.

Impact of Research Studies

India Post evinced interest in entrusting a study on drawing a roadmap for setting up a Post Bank of India, based on an earlier study conducted by ASCI—led by CPPGP with the participation of Finance area faculty—on repositioning of the financial services operations of India Post. A proposal for the Post Bank of India study was submitted by the Finance faculty.

V. Centre for Energy, Environment, Urban Governance and Infrastructure Development

The Centre for Energy, Environment, Urban Governance and Infrastructure Development (CEEUG&ID) has established a national reputation for its contribution to policy development and for extending capacity building and knowledge management support to governments at different levels. The activities of the Energy, Urban Governance, Infrastructure Development and Environment areas of the centre continue to grow at a healthy pace. Through its wide range of management development programmes and research and management studies, CEEUG&ID continues to extend handholding support to governments, non-government organizations and other service delivery agencies for effective implementation of reforms and programmes, thereby contributing to the development goals of the country. The Centre is paying special attention to the

development of lagging states, and a number of customized interventions were initiated in support of these states.

During 2009–10, CEEUG&ID conducted seven announced management development programmes, thirteen customized (organization-specific) on-campus programmes and one customized off-campus programme. The Centre carried over 55 research and management (R&M) studies from 2008–09 and received 25 new assignments during the year. The Centre completed 26 R&M studies during 2009–10.

VI. Centre for Innovation & Technology

The Centre for Innovation and Technology (CIT) continues to grow, expanding and deepening its activity profile in scale, scope and specialization.

Management Development Programmes

The Centre is increasingly making a mark in conducting programmes that revolve around the strategic use and application of technology and management of innovation in the corporate and government sectors. This is evidenced from CIT's diversity of programmes and the growing demand for them. Reputed organizations like the LIC of India are now part of the clientele list of the Centre, which comprises such respected names like ISRO, HCL and ONGC.

To cite a concrete example, CIT responded positively to the requirement of the High Court of Andhra Pradesh for conducting a capsule programme for their senior officers from the administration on the nuances of better organizational management. The Centre, in collaboration with the Centre for Management Studies, conducted a two-day workshop, on 29–30 May 2009, for the registrars, joint registrars, deputy registrars and assistant registrars of the High Court, focusing on enhancing their capacities in meeting the emerging challenges. This initiative demonstrates yet again the strengths of CIT in responding to and successfully addressing the focused needs of special clients.

The Centre also took the lead in designing, developing and successfully delivering, on 30 March 2008–4 April 2009, an Advanced Leadership Programme for the Senior Administrative Grade (SAG) Officers of the Ordnance Factories Board, a customized programme for a prestigious client.

An exclusively designed and well-received programme was on e-Business Strategies and Solutions for officers of the Government of Jammu & Kashmir, conducted on 21–25 December 2009.

The Centre continues to dominate in its offer of area- and theme-specific programmes for the Dept. of Science & Technology, Govt. of India (GoI). During the year, CIT conducted programmes on themes of topical interest to scientists and science managers, such as technology commercialization, science audit, decision support tools & techniques, e-procurement and innovation management.

CIT faculty members have also been very active in contributing to the general management and management development programmes being offered by the College, accounting for a sizeable share of the activity. The Centre, in partnership with the Centre for Public Policy, Governance and Performance, conducted a customized general management programme on Innovations in Government for senior Sri Lankan civil servants on 16–28 November 2009. The Commonwealth Secretariat, London, sponsored this initiative.

Further, members from the Centre have also been providing support to the Post-Graduate Diploma Programme in Hospital Management (PGDHM), by offering (full-semester) courses in strategy and information technology.

Research and Management Studies

CIT continues its good performance on the projects front too. A prestigious project bagged by the Centre during the year is the Euro-India Synchronization of Policy Initiatives and Research & Innovation Trajectory (Euro-India SPIRIT) project—an initiative funded by the European Commission. The project aims at finding common ground and synergizing the policies of India and Europe in the information and communication technology (ICT) arena.

The Dept. of Administrative Reforms and Public Grievances (DARPG), GoI, awarded the prestigious task of implementing the Prime Minister's Awards for Excellence in Public Administration, 2008–09, to ASCI. CIT has been leading this work for the fourth consecutive year, since the inception of the scheme, successfully meeting the stringent requirements of DARPG and retaining its confidence.

The Centre continued to provide technical assistance to Mishra Dhatu Nigam Ltd. (Midhani), by way of enterprise resource planning (ERP) consultancy, monitoring and implementation management support. The project, which was awarded during 2006–07, was completed during 2009–10. During the year, an additional project along similar lines but with an expanded scope, extending to multiple phases, was awarded by Midhani.

Other key management studies that continued during the year were: Impact Evaluation of a Pilot Programme for the Control of Micronutrient Malnutrition, sponsored by the Ministry of Health & Family Welfare, GoI; and Operational Research Study on the Manpower Requirements of Police Stations in Andhra Pradesh, sponsored by the AP Police Dept. The project on Implementation of Sevottam (which sets service-level benchmarks), sponsored by DARPG, GoI, and carried over from 2008–09, was transferred to CIT from CPPGP.

Research Colloquium

A significant event of the year led and anchored by the Centre was an International Conference on Global Interdependence and Decision Sciences (ICGIDS) that was held during 28–30 December 2009. Shailesh J. Mehta School of Management, IIT-Bombay, and the Indian Subcontinent Decision Sciences Institute Region (Indian branch of the Decision Sciences Institute, USA) were the knowledge partners. The Dept. of Science & Technology, GoI, and the Council of Scientific & Industrial Research, GoI, sponsored the conference. About 72 papers and three tutorials were presented in three parallel tracks. Twenty papers were by authors from foreign universities; 36 papers were by Indian authors; three were by doctoral students from abroad; and 16 papers were by research scholars from India. After undergoing a peer review process, 47 papers were selected for publication. Macmillan India published this edited volume under its Advanced Research Series. Faculty members from CIT contributed papers for the conference and edited the volume of selected papers.

During 2009–10, CIT also brought out an Occasional Paper on the IT Industry of Hyderabad.

Other Activities

Another significant initiative entrusted to the Centre is the responsibility to develop a long-duration Executive

Development Programme. In pursuance of this, CIT actively established contact with select universities in the United States, ranked high for their degree programmes in public policy and business management, to explore the possibilities for a joint endeavour. Discussions are progressing well with the universities that evinced interest in such a collaboration. Their top management teams have also visited ASCI. Curriculum design and costing details are being worked out.

VII. Centre for Management Studies

The Centre for Management Studies (CMS) continued its excellent contribution to the activities of the College during 2009–10. CMS undertook numerous management development programmes, and research and management assignments for addressing the needs of government, public sector undertakings and private corporations. Via its various areas—Human Resources (HR), Marketing, Operations and Strategic Management—the Centre has designed and delivered several new initiatives in addition to delivering in its established domain. As in the past, CMS programmes continued to attract a large number of foreign participants from across the globe.

Management Development Programmes

General Management Programmes

The Centre conducted several well-subscribed announced general management programmes, including the General Management Programme for Senior Executives (sessions 113 & 114), Advanced Management Programme, Management Development Programme for Women Executives and Programme for Young Managers.

A number of customized in-company on-campus as well as off-campus general management programmes (GMP) were also offered. These include the GMP for Senior Executives of IFFCO, Programme for Young Managers of HCL Infosystems Ltd., MDP for Women Executives, MDP for Faculty Members of the Institute of Hotel Management and Indian Institute of Tourism & Travel Management (IITTM), Executive Development Programme for NMDC Ltd., Advanced Techno-Management for Dept. of Science and Technology (DST), Govt. of India (GoI), Senior Management Programme for Steel Authority of India (SAIL), MDP for Indian Space Research Organization (ISRO).

Human Resources Area

The announced programmes in the Human Resources (HR) area included HR Audit, Programme on Communication Skills for Managers, Programme on Leadership through Self-Discovery, Strategic Human Resource Management, Negotiation Skills, Workshop on Values-Driven Leadership, Leadership for Managing Change, Programme on Coaching Skills for Leaders, Programme on Managing Creativity and Innovation, Effective Human Resource Training & Development, Programme on Managing Human Relations in Organizations, Transactional Analysis for Interpersonal Effectiveness, Human Resource Management for Line Managers, Improving Work Culture, Programme on Strategic Leadership, Team Building and Conflict Management, Personal Growth for Effective Leadership, Enhancing Managerial Effectiveness, Decision-Making for Effective Leadership, Personality Development, Developing Emotionally Intelligent Leadership, Leadership Skills Development, and Leadership and Organizational Development.

The HR faculty also conducted several customized in-company on-campus as well as off-campus programmes. These include: Managerial Effectiveness for Senior Executives of HMT-MTL, Negotiating Strategies for the Work Environment for DST, GoI, Communication Skills for Managers of NHPC, Vertical Interaction Programme for IPS Officers on Image Building: Behaviour Pattern of the Police conducted for the Bureau of Police Research & Development (BPRD), Strategic Human Resource Management for IFFCO, Enhancing Managerial Capacity and Effectiveness for Govt. of Afghanistan, Management of Change for J&K Officials, Team Building and Conflict Management for J&K Officials, Human Resource Management for Line Managers of Nuclear Power Corporation of India Ltd. (NPCIL), Leadership Development for AGMs of Bank of India, Managerial Effectiveness for Defence Research Technical Cadre Officers (DRTC) of Defence Research & Development Organization (DRDO), High Performing Teams and Leadership Issues for Women Scientists, Leadership and Organization Development for DRTC Officers of DRDO, Leadership Development Programme for Bank of India, and Personal Growth for Effective Leadership for Additional Superintendents of Police/Deputy Superintendents of Police for BPRD.

Marketing Area

The Marketing area conducted five announced programmes, which included Sales Management (twice), Product Strategies and New Product Development, Customer Relationship Marketing, and Strategic Marketing. The Marketing area jointly conducted, with faculty from the Information Technology area, a GMP for Senior Executives-114; and the Advanced Techno-Management Programme for DST, GoI, with faculty from the HR area. The Marketing area also was involved in conducting the Executive Development Programme and Management Development Programme for NMDC.

Operations Area

The Operations area conducted announced programmes on Inventory Management, Materials and Supply Chain Management, Projects and Contract Management (twice), and Procurement Procedures for World Bank-Aided Projects. The last-mentioned programme was conducted thrice, attracting a large number of participants, including many from abroad.

The Operations faculty also conducted several customized in-company on-campus as well as off-campus programmes on Scientific Project Formulation, Implementation, Evaluation for DST, GoI; World Bank Procurement Procedures for officials of the Govt. of Orissa. The area also conducted general management programmes along with faculty from other areas.

Strategic Management Area

The Strategic Management area conducted an announced programme on Strategic Management. The faculty also conducted MDPs for ISRO (thrice); an off-campus Faculty Development Programme on Teaching Skills for the Indian Institute of Space Science and Technology, Thiruvananthapuram; and an off-campus programme on Results-based Management in Dacca, sponsored by the Food and Agriculture Organization (FAO), Bangladesh.

Research and Management Studies

Besides training, CMS faculty members, with expertise in various functional areas of management, are engaged in a number of research and management (R&M) studies.

The Human Resources area completed three R&M studies during the year. The Marketing area was involved

in three research and management projects led by faculty from other areas, of which one project was completed. Four R&M studies were taken up by the Operations area during 2009-10. The area completed three research and management studies. One research study was taken up by the strategic management area and completed during 2009-10; the area was involved in a project led by the Health area, which was also completed during the year.

Details of the R&M studies completed the by Centre for Management Studies are given below:

VIII. Centre for Healthcare Management

The Centre for Healthcare Management (CHM) was established in August 2009 in order to enable the College to focus on the smooth conduct and further development of the two-year Post-Graduate Diploma in Hospital Management (PGDHM) Programme. The Programme, which has been certified by the All India Council for Technical Education, has an approved capacity of 30 students per batch. The following are the activity highlights of the Centre for Healthcare Management during 2009–10.

Student Profile (On-going Batches)

Batch III

The initial intake for Batch III (2008–10) in July 2008 was 30 students. The final batch strength was 29. At the time of joining the PGDHM programme, 31 per cent and 38 per cent of the students of Batch III were graduates in medical and paramedical disciplines, respectively. About 21 per cent of the students were graduates or post-graduates in various science disciplines, while 10 per cent had other qualifications.

Batch IV

The intake of students for the fourth batch (2009–11) in July 2009 was 29. At the time of joining the PGDHM programme, about 31 per cent and 21 per cent of the students of Batch IV were graduates in medical and paramedical disciplines, respectively. About 45 per cent of the students were graduates or post-graduates in various science disciplines, while 3 per cent possessed other qualifications.

Academics

The PGDHM programme is conducted over four semesters, including three semesters of classroom teaching, practicals and fieldwork, a two-month summer project, and one semester of internship at healthcare institutions. ASCI faculty and guest faculty, including

industry professionals, deliver sessions for the PGDHM programme modules.

During the year under review, the students of Batch IV completed their first semester. At the close of 2009–10, teaching was in progress for the second semester.

By the time the year under review closed, all the 29 students of Batch III were on the verge of completing the academic requirements of the programme and were pursuing their final semester internships at various healthcare organizations in the country.

Placements Highlights for PGDHM Batch III (2008–10)

As a result of campus placement efforts, all the 29 students of Batch III received placement offers. The offers were received from organizations in the core healthcare sector, as well as healthcare consulting and healthcare IT services. Organizations that offered placements include: Escorts-Fortis Hospitals, Max Hospital, Apollo Indraprastha (all based in New Delhi); Kaminieni Hospital, Medicity Hospital, Krishna Institute of Medical Sciences (KIMS) and Image Hospital (all based in Hyderabad); Medica Synergie (Kolkata); hospitals in Mumbai and Bengaluru; Infosys and other software services firms and healthcare consulting organizations.

AUDITORS' REPORT

THE MEMBERS OF
ADMINISTRATIVE COLLEGE OF INDIA
HYDERABAD

1. We have audited the attached Balance Sheet of Administrative Staff College of India ("**the College**") as at March 31, 2010, and also the Income and Expenditure Account of the College for the year ended on that date, annexed thereto. These financial statements are the responsibility of the management of the College. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We report as follows:
 - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) the Balance Sheet and the Income and Expenditure Account dealt with by this report are in agreement with the books of account;
 - c) in our opinion and to the best of our information and according to the explanations given to us, the said accounts give a true and fair view, in conformity with the accounting principles generally accepted in India:
 - i) in the case of the Balance Sheet, of the state of the affairs of the College as at March 31, 2010; and
 - ii) in the case of the Income and Expenditure Account, of the excess of income over expenditure for the year ended on that date.
