## GENERAL MANAGEMENT PROGRAMME FOR MIDDLE LEVEL EXECUTIVES

“High Performing Thought Leader’s Programme”

### Programme Overview

This programme is designed to enable middle level managers to master their functional knowledge, think holistically by aligning organisational goals with team work and developing individual mastery for effective leadership.

### Objectives

- ◆ To develop managerial competencies based on current practices
- ◆ To develop a deep understanding of self, personal and interpersonal effectiveness
- ◆ To gain perspectives on core functional areas of management
- ◆ To understand leadership potential and create a personal action plan
- ◆ To develop team nurturing, coaching and mentoring skills
- ◆ To broaden the horizon of participants’ thinking by exposure to international business environment and practices
- ◆ To understand how to create a culture of high performance

The Study Tour to Singapore is aimed at providing an opportunity to experience the best practices followed by leading organisations. This will help the participants to develop new ideas, initiatives and processes that is necessary to keep themselves at par with the latest trends and developments in the business and economic world.

### Participant Profile

Managers having 7 to 15 years experience are ideally suited to participate in this programme. Programme will be helpful to public, private, government, regulatory and academic organisations to groom their executives with prospects for accelerated growth.
