

## GMP FOR SENIOR EXECUTIVES

*“Enhancing Leadership Potential for Organisational Success”*

### Programme Overview

The General Management Programmes for Senior Executives (also referred to as SEC) are flagship programmes of ASCI. These four-week biyearly programmes are designed to equip senior executives with competencies that would facilitate their transition from being functional heads to unit heads.

The participants of these programmes learn what is required to become agile leaders who could withstand the pressures of the VUCA world. They also gain to learn from the rich multicultural learning environment these programmes offer, which is undoubtedly one of their biggest strengths.

The programmes comprise modules that aim at developing leadership competencies that would help organisations steer through stiff competition and complex business environment. The programmes not only provide deeper understanding of the functional management but also place thrust on leadership, strategy, change and innovation all of which are necessarily to become global leaders.

Apart from attracting participants from Asian, African, European and Latin American countries, these programmes have had participants from organisations like Shipping Corporation of India, IFFCO, RINL, ACC, ABB, ONGC, NTPC, Tata Power, HPCL, RBI, SBI, BSES, CESC, BPCL, Tasty Bites, Telco, Seagrams, Usha Beltron, Andhra Bank, Punjab National Bank, Corporation Bank, Voltas, SAIL, NFCL, Singareni Collieries Co. Ltd, Andhra Cements, Oil India Ltd, IDBI, NMDC, Indian Aluminium Co. Ltd, Power Grid Corporation of India, Gabriel India Ltd, Visakha Steel Ltd, Hindustan Zinc, Clariant Chemicals, Ministries of Foreign & Regional Integration, Infrastructure & Energy, Tourism, Environment & Water, Sports Affairs, and Department of Agriculture & Rural Development among others.

The programmes provide a huge opportunity to hone leadership skills by focusing on self, people and organisational competencies through profound reflection and meaningful interaction in a vibrant and diverse learning environment.

### Impact

- ◆ Develop contextual intelligence by scanning the business environment
- ◆ Learn competencies necessary to become agile leaders
- ◆ Hone intrapersonal and interpersonal skills for people leadership
- ◆ Learn through interaction and networking

### Participant Profile

The programmes are designed for senior executives with work experience of at least ten years in the Government, Public Sector Undertakings and in the Private Sector. They are meant to help the participants shoulder higher responsibilities in the future. Participants from different sectors across various functions stand to gain from attending the programme, which is an amalgam of intense learning and rich experience sharing.
