OBJECTIVES

To help the participants upgrade their knowledge base in SHRM through exposure to emerging conceptual frameworks and methodologies.

To enable the participants to align the HRM function with organizational goals and to formulate and implement the company's strategies through a plethora of HR activities.

To develop the participants as wholesome HR professionals through exposure to best practices of SHRM in world-class organizations.

PERSPECTIVE

The contemporary dynamic business environment poses tremendous challenges for the Human Resource Management function in organizations. Traditional HRM models and processes may not be pertinent; instead, strategic human resource management (SHRM) is the need of the hour. The primary goal of SHRM is to enhance employee productivity by focusing on business goals.

HR is now being conceived more as a strategic partner in the formulation and implementation of the company's strategies rather than merely as administrative support. Strategic HR deals with linking of human resources with strategic goals and objectives in order to improve business performance. There is a growing consensus that implementing SHRM leads to improved organizational performance. Therefore, the aim of the programme is to shift the HR professional's mindset from "what I do" to "what I deliver", and to help HR professionals align their HR processes with organizational strategies and enable them to understand the various aspects of strategic human resource management.

Prof. J Swarnalatha

Programme Director

October 30, 2018

Dear Sir/Madam,

**Programme on
Strategic Human Resource Management**
March 11 - 15, 2019 at ASCI, Hyderabad
Study Tour : Malaysia and Singapore: March 16 – 22, 2019

There are several challenges involved in implementing Strategic Human Resource Management (SHRM) in Indian Organizations. It is widely documented that there is significant difficulty in linking HR strategies to business goals in organizations. This programme would help HR professionals align their HR processes with organizational strategies and get an understanding of various aspects of strategic human resource management.

Keeping the above in view, the Administrative Staff College of India in collaboration with National Institute of Public Administration (INTAN), Malaysia and Singapore Human Resource Institute (SHRI), Singapore, has launched a programme on "Strategic Human Resource Management". The aim of the programme is to equip participants with the body of knowledge of SHRM and implementing the same into demonstrable terms. On completion of Indian Module at ASCI, the participants would be undertaking a study tour to Malaysia and Singapore to experience best practices followed by some of the world-class organizations through structured visits with presentations from their senior managers in different organizations.

A brochure outlining the details of the above programme and other pertinent information together with a nomination form is enclosed. If you need any additional information, please do contact us.

The programme is meant for senior and middle level executives connected with the responsibility of managing human resources, including those dealing with HRD, Employee Appraisal, Man Power Planning, Employee Relations, etc.

The last date for the receipt of nomination form is March 01, 2019. Since we expect this programme to attract a large number of nominations, we advise you to send in your nomination well before this date to enable us to give due consideration. Accordingly, you can make your plans for the release of the nominee(s) for the programme. Facsimile of nomination form can be used.
