# 57<sup>th</sup> ANNUAL REPORT 2013-2014

## Chairman's Statement

I am happy to present, on behalf of the Court of Governors, the Fifty-Seventh Annual Report and Audited Statement of Accounts of the Administrative Staff College of India (ASCI), for the year ending 31<sup>st</sup> March 2014.

At the outset, I regret to inform that two of our colleagues, Dr V.S. Ramadevi and Dr N.Bhanu Prasad, who served the College as members of the Court of Governors, passed away in April 2013. Their immense contribution to the College will always be remembered.

### Financial Results

The financial results of the College for 2013-14 show that as on March 2014, the net deficit (after providing for depreciation and accounting for prior period adjustments) amounted to ₹ 150.15 lakhs. The total income of the College was ₹ 3,875 lakhs as against ₹ 4,077 lakhs in the preceding year- a fall in income by 4.95 percent.

### Management Development Programmes

With 23,771 man-days of training in 2013-14, the College continues to contribute to the management development of middle, senior and top management personnel of the leading public sector as well as private sector enterprises in the country, apart from participating actively in the management capacity building of Senior Civil Servants from the Union and State Governments. Besides the announced programmes, several new in-company training programmes have been launched by the College, customized to the learning needs of the national and international client organizations.

Responding to client organizations such as the Damodar Valley Corporation, Northern Coalfields Ltd., Bharat

Coking Coal Ltd., MRF Tyres, Naval Physical and Oceanographic Laboratory and Indian Rare Earths Ltd., Department of Atomic Energy, Oil India Ltd., Central Industrial Security Force, Ministry of Consumer Affairs, Bank of India, National Institute of Defence Estate Management, Gujarat Narmada Valley Fertilizers & Chemicals Limited Group and others, besides private sector companies like Orient Cements, Goodricke Group Ltd, Consultancy Engineers Association of India, M.S. Swaminathan Research Foundation, Government College of Engineering, Salem, and Anthelio Business Technology, Hyderabad, who approached the College during the year under report, we delivered management development programmes to suit their organizational learning needs.

### Research and management studies

The College successfully completed 71 projects (15 pertaining to research studies and 56 to management studies) during the year as compared to 24 in the previous year. The College continued to undertake a significant number of research and management studies. A total of 100 research and management studies (34 research projects and 66 management projects) were carried over from the previous financial year to 2013-14.

The College, which has established itself as a major source of training and research in taking forward Urban Governance for the development of the country, conducted a number of programmes in addressing the emerging challenges in urbanization. They include change-management for achieving

24-hour water supply in partnership with the Government of Israel, municipal waste to energy in partnership with Planning Commission, and service delivery improvement programmes for Asom and Chattisgarh. In recognition of its work in urban governance area, the Bill and Melinda Gates Foundation (BMGF) has extended a large grant to promote innovative

ways of delivering sustainable and equitable sanitation services.

ASCI's enhanced presence in the North East follows the significant work that it has been undertaking in Kerala and other States in promoting urban governance through advocacy, policy, and capacity building assistance in carrying forward the *Jawaharlal Nehru National Urban Renewal Mission (JnNURM)*.

The College, besides conducting training programmes for major energy companies such as NTPC, SCCL, NPCIL, NMDC, management training programmes covering such areas as energy efficiency and conservation, and has been planning to conduct programmes in contract mining, foreign acquisition of mining and energy regulatory training.

The Centre for Excellence in Management of Land Acquisition, Resettlement and Rehabilitation (CMLARR), established at ASCI with the support of the World Bank in April 2013, is not only expanding its activity in the country but also is making a mark internationally. The College with the support of the Department of Consumer Affairs (DCA), Government of India, organized for the first time a National Dialogue on 'Protecting the Rural Consumers in a Globalising Marketplace'.

The inception phase of the project entitled "Capacity Building Initiative in the Competition Area under Trade Development Programme in India," sponsored by the Delegation of the European Union (EU), has been completed.

As part of the Academy for Science Policy Implementation & Research (ASPIRE) project funded by the Government of India, it has been involved in developing a research and development policy for the consideration of the Government of India; and it continues to contribute to the management of science and technology institutions-e.g. the contribution it is making to the organisation of IREDA, organization study of DRDO and its recommendation on research and development policies in the electronic industry.

## **Centre for Innovations in Public Systems**

The Centre for Innovations in Public Systems (CIPS), established within the campus of the College as an autonomous Centre in pursuance of the recommendations of the Thirteenth Finance Commission of India, continued to document and advocate innovative practices through workshops and conferences. It acts as a catalyst and facilitator to various States and Union Territories of India through process documentation and hand-holding assistance in transforming creative ideas into sustainable practices for improving service delivery. The balance sheet of the CIPS is appended to this report.

## **Governance**

During 2013-14, the General Body of the College Society met once, the Court of Governors thrice and the Standing Committee of the CoG four times. The College continues to receive sound advice, excellent guidance and valuable direction from the distinguished members of the Court of Governors on various aspects of its management and core activities, augmentation of its infrastructure and management of its investments.

## **Public Lectures**

As in the earlier years, the College continued to organize workshops, lectures and interactive discussions on issues of topical interest. Mr. Arun Maira, Member, Planning Commission of India, delivered the CC Desai Memorial Lecture on "Reforming Institutions: The Key to Inclusive, Sustainable Growth." The public lectures organised by the College included: the ASCI Foundation Day Lecture on "Early History of Four Inventions that have Changed the World: Some Personal Perspectives on India" by Dr. P. Rama Rao, Member, Court of Governors, ASCI, Former Vice Chancellor, University of Hyderabad and Former Secretary to GoI; CIPS Foundation Day Lecture on "Innovative Practices in the Health Sector" by Dr. K. Sujatha Rao, Former Secretary, GoI; and a public lecture on "Peace and Growth in South Asia" by Dr. Stephen P. Cohen, Senior Fellow, Brookings Institution, Washington DC.; besides a talk on "Global Corruption: Are there lessons for India?" by Mr. Laurence Cockcroft, Co-Founder of the Anti Corruption Agency, Transparency International (TI).

## Looking Ahead

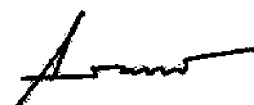

As in the earlier years, during 2013-14 the College could not have progressed without the deep involvement and the concerted efforts of the faculty, officers in administration and staff at all levels. I extend my warm appreciation to all of them for their dedicated work.

Looking ahead, I believe the College will continue to maintain its tempo of activities. The College has been reinforcing its existing capacities and building new ones by recruiting new faculty and undertaking a wider range of programmes and studies. Determined efforts are on to further enhance its international reach.

The College continues to be a trusted name for offering disinterested advice that carries the trust of the nation. However, we need to re-position ourselves by enhancing our capacities in the new emerging areas such as

performance monitoring and evaluation for both public and private sectors, management of projects that involve multiple sourcing of funding – international, national and state level – that call for capacities to deal with diverse agencies.

There is no doubt that the College is marching forward in fulfilling the expectations that are placed in it by its founders. This is the time to gear ourselves up in addressing the new challenges that the nation is confronted with and come up with innovative solutions.

## Academic Activities

### A. Research and Management Studies

As recommended by the ASCI's Vision Committee, the College has been focusing on areas of current concern and topical interest of the industry and governments. The research and management studies undertaken by the College continue to be predominantly action-oriented and are aimed at capacity building.

#### New Assignments

As in the past, the year under review witnessed a diversity of themes covered by various projects in functional as well as sectoral areas. They include, Energy, urban infrastructure, corporate governance, reforms, service delivery, regulatory issues, risk management, health studies, work culture, technology management and human resource development among others. The sizeable number of assignments received in these diverse sectors is a testimony to the varied capabilities of the College, which effectively leveraged the skills, expertise and experience of its faculty to successfully carry out the current assignments and maintain its momentum in attracting new projects.

During 2013–14, the College received 65 new assignments for research and management studies (see **Table 1**) valued at ₹ 2006.86 lakhs. Of these, research studies accounted for ₹ 1132.62 lakhs, and management studies accounted for ₹ 874.24 lakhs.

### Future Outlook

ASCI looks forward to strengthening its leadership in the market for post-experience management development. The announced programmes that primarily targeted at the public sector enterprises in the past attracted the attention of the private sector too. The College is pursuing several initiatives to enhance the quality as well as relevance of the management development programmes offered to build up sustainable partnerships with client organizations in the public as well as private sector within the country and with institutions and governments outside the nation. The College has been forging strong relationships with training institutions in the developed and developing

countries to sharpen the global character of ASCI courses.

The Management Development Programmes conducted by the different Centres of the College and the Research and Management Studies carried out by the various areas within the centres are presented in the next section. Details of the faculty members who directed the MDPs referred to and those who led and conducted the studies are provided in **Annexure-4, Annexures 5-A to 5-C**, respectively.

## Activities of the Centres

### I Centre for Energy, Environment, Urban Governance & Infrastructure Development

The Centre is recognized as a national platform for its contribution to policy development and for extending capacity building and knowledge-management support to governments in the country. The activities of Centre are continued to grow at a rapid pace and achieving new landmarks in the year under review.

The Centre conducted 19 MDPs and organised 9 conferences and carried over 71 research and management studies from 2012-13. It received 40 new assignments.

#### a) Urban Governance Area

##### **Management Development Programmes**

The national, State and city governments regard ASCI as a thought leader in 24X7 water supply related reforms. To support capacity-building process for advancing 24X7 water agenda, an International Training Programme on “Change Management for Achieving Continuous Water Supply for All in Urban Areas” was conducted. This comprised an introductory programme at Hyderabad and a weeklong international component at Israel (Jerusalem and Tel Aviv).

‘International Certification Programme in Urban Management’ was yet another programme comprising both the national and international components conducted by the Urban Governance Area twice i.e., in April & October 2013. This comprised an introductory programme at Hyderabad and a week-long international component at Barcelona and Amsterdam.

The ASCI-WBI Training Programme on “Integrated Municipal Solid Waste Management 2013” was conducted for Commissioners, Municipal Engineers and elected representatives across India. A “Capacity Building Programme in Urban Management” training programme was undertaken for elected representatives and officials of Jhansi Nagar Nigam, Uttar Pradesh.

##### **Research and Management Studies**

The Urban Governance area entered into a MoU with Infrastructure Leasing & Financial Services Ltd. (IL&FS),

Mumbai, for undertaking collaborative training and research in urban governance. This five year partnership primarily undertakes to build capacities of public/private sector organizations in the areas of Public Private Partnership. It also endeavours to structure and implement Waste to Energy (WtE) and Waste to Resources (WtR) for Municipal Solid Waste Management. As part of this, the College conducted a series of capacity building workshops and training programmes apart from documentation of a few case studies.

The College was chosen as Project Management Unit (PMU) for implementing Integrated E-challan & Traffic Improvement for the Commissionerates of Cyberabad and Hyderabad. Considering the complexity of the project it has been observed by the Traffic Department to create a PMU, independent of the implementation teams to offer Technical Assistance throughout life cycle of the project. On the request of the 14th Finance Commission, New Delhi, the College took up a “Study on Municipal Finances in India’ and the final report was submitted.

The Bill & Melinda Gates Foundation (BMGF) and the Department for International Development (DFID) awarded a research grant for promoting “City-wide Delivery of Sustainable and Equitable Sanitation Services in Warangal, Andhra Pradesh, India.” The College won this grant through a global competitive bidding and the Phase-I of the project was concluded.

Global Development Learning Network, Tokyo Development Learning Centre, East Asia and Pacific Region, World Bank and Global Development Learning Network, World Bank chose ASCI to promote collaboration through e-learning.

The College in partnership with the Ministry of Urban Development, GoI, instituted the National Urban Water Awards (NUWA) in 2008. The Awards recognize excellent achievements of urban local governments and water boards across India in the area of urban water and sanitation management. NUWA Programme follows a rigorous protocol including field validation. The Ministry extended financial assistance to ASCI for conducting the Award programme for the year 2013- 2014. Similarly, UNICEF extended a grant to the College to promote

Water, Sanitation and Hygiene (WASH) in government schools in sustainable and equitable way.

## **b) Infrastructure Development Area**

### ***Management Development Programmes***

This Area conducted five announced training programmes on topics such as Project Preparation and Management for Urban Infrastructure, Social Housing and Urban Poverty Alleviation and Second Generation Urban Governance Reforms.

The Area also built capacity of over 700 elected representatives and officials in Odisha in the areas of Urban Infrastructure Finance, PPP, Project Preparation and Management, etc. Exposure visits on good practices were also conducted for officials of Government of Odisha in Maharashtra and Kerala.

### ***Research and Management Studies***

The Area conceptualized and developed a comprehensive 'Capacity Development strategy for Municipal Corporation of Greater Mumbai.' The largest civic body in the country comprises over 1.20 lakh staff and 1650 designations, and is among the most affluent local government with an annual budget of over ₹ 38,000 crores. The four year strategy developed by the College is being implemented by the civic body, and the report is cited as good practice by the Government of Maharashtra and GoI. The strategy was developed after seeking inputs from over 3,000 staff through an online questionnaire eliciting individual and organization development strategies. The civic body requested the College to render operational support for two years to implement the ambitious strategy of training staff for at least 5 days every calendar year.

The Area operated a "Programme Management Unit for the Housing and Urban Development Department" for the Government of Odisha. The Unit comprises six professionals who, under the leadership of the Faculty, Infrastructure Area, were developing reform implementation and capacity development strategies for the Government of Odisha.

Under the project "Capacity Building of Officials and Elected Representatives of Odisha", the Area was in the process of developing capacity of over 1500 officials and elected representatives in the Housing and Urban Development Department, Government of Odisha.

## **c) Energy Area**

This Area established a national reputation with its contribution towards policy formulation and extension of capacity building and knowledge management support to governments at various levels through a range of management development programmes and research and management studies. Their client base included, NRDC, ECBC, NREDCAP, The *Mula Pravara* Electric Cooperative Society Limited, GEPL, SCCL, etc.,

## **d) Environment Area**

The Environment Area continued to accord, through both the MDPs and R&MS, considerable importance to developing human as well as institutional capacities to arrest environmental degradation. Training programmes were conducted for NSDAP, DST, NATCO, Vishakapatnam Port Trust, CMLAARR, University of Sri Lanka, etc.,

The World Bank awarded projects on Management of Land Acquisition, Resettlement and Rehabilitation (CMLARR). NRDMs Project Review for Department of Science and Technology (DST), GoI; Evaluation Study of Rashtriya Krishi Vikas Yojana for Government of Andhra Pradesh and Developed Case Studies on LARR in Himachal Pradesh were some of the activities taken up by the Area.

## **II. Centre for Poverty Studies and Rural Development**

The Centre took up the "Terminal Evaluation of UNDP Project for Support to the Operationalisation of MGNREG" with a sponsorship from the United Nations Development Programme besides launching a study for "Protecting the Welfare of the Rural Consumer" with the support of the Ministry of Consumer Affairs, Food & Public Distribution, GoI.

As part of the activities of the Centre for Rural Consumer Services (CRCS), established by the College in 2012 with support from Department of Consumer Affairs, GoI, for the first time in the country, a National Dialogue on 'Protecting the Rural Consumers in a Globalising Marketplace' was organized. The Dialogue was inaugurated by the Joint Secretary, DCA, GoI and was attended by 32 participants including Judges/ members of the State Consumer Disputes Redressal Commissions; Universities; Civil Society groups; advocates, activists along with industry representatives involved in rural consumer protection.

### III. Centre for Human Development

The Centre has been involved in a number of training, research and management studies activities. The details are provided below:

#### a) Health and Gender areas

This Area contributed to training activities for scientists, government officials and personnel from the corporate sector. It conducted a programme for Afghanistan Finance Ministry officials on “Gender Responsive Budgeting.”

The Centre successfully negotiated with the Ministry of Labour and Employment and received 19 training programmes on “Capacity Building for Principles of ITI” and “Curricula Development for Core Mentors of ITI.”

#### Management Development Programmes

The Health Area was engaged in several in-company management development programmes during this year. These included:

- Healthcare Challenges for U.P Government, for health officials.
- Health Systems Management, sponsored by Kerala State Health & Family Welfare.
- Capacity Building on Leadership and Performance Management for Officials of Kerala State Planning Board, sponsored by the Kerala State Planning Board.
- Leadership & Change Management for officials of BOI, sponsored by the Bank of India.
- Empowerment of Women Employees of PGCIL, sponsored by the Power Grid Corporation of India Limited.
- Programme on GMP for Senior Scientists, sponsored by MS Swaminathan Research Foundation.
- Capacity Building Programme for ITI Principals, sponsored by Ministry of Labour & Employment.
- Data for Programme Monitoring and Evaluation for Uttar Pradesh Officials-Directorate of Economics and Statistics.
- Monitoring and Evaluation for Uttar Pradesh Officials.

## V. Centre for Innovation and Technology

The College continues to be active in promoting innovation for better governance including building of capacities by promoting new technologies. The Centre’s work to strengthen the initiatives of innovation and technology has grown significantly– with the latest example being the ASPIRE Project that aims at addressing systems and processes, the reform of which can improve infrastructure for S7T, and in establishing a more benign eco-system for research, strengthen links between research and industry and promote quality of output by validating research outputs for use. Towards this larger objective, the Department of Science and Technology has granted ten programmes to ASCI in 2013-14. This takes further the College’s role in building management capacities in science and technology.

The College was also invited by the Ministry of Science and Technology to partner with it in carrying forward a major initiative that the GoI has launched in developing systems that facilitate access to GoI owned shareable data by all citizens.

The College continues to make a contribution to building capacities in the administration of Science and Technology by conducting training programmes for the scientists sponsored by the Department of Science and Technology. The scientists who participate in these programmes appreciate the opportunities they have in meeting scientists from other laboratories and share their experiences and acquire new perspectives on management. Five programmes have been conducted involving 110 participants in the period September to early December 2013.

## Management Development Programmes

### **VII Centre for Public Policy, Governance and Performance**

The Centre contributed significantly to the activity profile of the College. Preparations were made to conduct a two-week capacity-building programme for the senior officers of Sri Lanka Administrative Service (SLAS), a third in the series, in June 2014. The programme, funded by the Commonwealth Secretariat, London, will be conducted with the cooperation of Sri Lanka Institute of Development Administration. The programme, with a theme of “Leadership Development & Performance Management,” will have two components – one in Hyderabad and one in Thiruvananthapuram, the latter

to showcase to the visitors successful governance practices in human development and in the implementation of Panchayat Raj system. For the Kerala component of the programme, as in the previous programme (held in 2012), ASCI would tie-up with the Institute of Management in Government (IMG) for knowledge-partnership.

The project on Restructuring of the Kerala State Planning Board is close to completion. The task involves (re)positioning the Board for an enhanced role and performance at the Head Office and District Planning Office levels. The project progress is being guided and closely monitored by Shri K M Chandrasekhar, IAS (Retd.), former Cabinet Secretary to the Govt. of India, who is currently the Vice Chairman of the State Planning Board, in the rank of Cabinet Minister in the State.

The Assessment Study of Common Service Centres (CSCs), a project awarded by the Dept. of Electronics & Information Technology, DeitY, GoI, was successfully completed, in partnership with CIPS. The Study, conducted across seven States of India, brought out interesting findings on successful and not-so successful models, the reasons thereof and recommendations for the improved performance of CSCs.

A project awarded by the Dept. of Biotechnology, GoI, on independent evaluation of two of the Dept.'s HRD Schemes, viz. Star College Scheme and Biotech Industrial Training Programme, is nearing completion. The task involves an assessment of the impact that the schemes have on the key stakeholders – viz. the academic institutions, industry, faculty and students.

A project of high visibility and importance awarded by the Dept. of Science & Technology (DST) on developing a Performance-Related Incentive Scheme for Basic Research, is in progress. An interim report was submitted.

The Centre is also contributing to HR Audit, a pilot study project awarded by the Defence Research Development Organization (DRDO), New Delhi. This is as a sequel to a high-impact project titled “Incentive Schemes for DRDO Scientists” conducted by the project team a few years ago.

At the initiative of the Department of Public Enterprises (DPE), Govt. of India (GoI), ASCI signed MoUs with the International Center for Promotion of Enterprises (ICPE, Ljubljana, Slovenia) and the Faculty of Economics, University of Ljubljana, Slovenia (FELU) to work

collaboratively and conduct research and capacity-building programs for the larger benefit of the Central Public Sector Enterprises (CPSEs) of India.

ICPE is a UN-supported body with 18 member countries. The Secretary to the GoI, DPE, is currently the President of the ICPE Council. FELU is one of the top 80 business schools in the world with two of the most-respected global accreditations (AACSB and EQUIS) from the US and Europe respectively, a rare distinction that no business school in India enjoys.

Leveraging the said knowledge-partnership, a unique three-month International Certification Program in Business Management for Women Executives of Central Public Sector Enterprises - CPSEs (ICP-WX) is designed with the objective of enhancing the managerial competencies of women executives of CPSEs through talent enrichment and international exposure. The programme, with domestic component in ASCI-Hyderabad (two months) and international immersion in FELU-Ljubljana (one month) is slated to begin from 15 September 2014.

It is envisaged that successful conduct of the ICP-WX Programme would lead to launch of a one-year International Executive MBA course for the CPSEs, as a twinning initiative with ICPE and FELU.

## **VIII Centre for Healthcare Management**

The Long-Term Programmes (LTPs) attained significant traction during the year under review.

### **PGDHM Programme**

The Centre for Healthcare Management (CHM) of the College has not only completed yet another year of successful conduct of the AICTE-approved PGDHM (Post-Graduate Diploma in Hospital Management) Programme but also significantly improved the value-proposition it offered.

An Academic Advisory Board was constituted for the Programme under the Chairmanship of the eminent doctor and former Director of the Nizam's Institute of Medical Sciences, Hyderabad, Dr. Kakarla Subba Rao. The Board offered valuable guidance in updating the curriculum and upgrading pedagogy to match industry requirements and to be a step ahead of the leading higher education institutions dealing with hospital and healthcare

management in India. In accordance with the guidelines of AICTE, a Grievance Redress Cell too was put in place.

The Programme is making good progress towards achieving MBA equivalence, the matter being under the active consideration of the Association of Indian Universities. Once obtained, the recognition would enable PGDHM graduates to pursue doctoral studies in universities.

The College has had yet another season of successful internships and placements, with all the students getting absorbed with market-indexed compensation packages in reputed organizations in the IT, consulting, healthcare, hospital and insurance industry.

Students of the Programme proved their mettle when four of them were selected to present individual papers in the III International Congress on Patient Safety organised by the Apollo Group of Hospitals. The Programme is practice-oriented and experiential inasmuch as it encourages on-the-job internships and industry-immersions. "Know Your Hospital" visits are a regular feature of the Program. It is therefore a matter of pride for the Centre and the College that a section of students of the Program successfully took part and made significant contributions to the 'Gap Assessment Exercise across five High Priority Districts (HPDs) of the State of Andhra Pradesh', a project on prioritized healthcare interventions, being conducted under the aegis of UNICEF and Indian Institution of Public Health. Another section of students supported a Quality Improvement

Programme conducted by Apollo Health and Lifestyle (AHLL), Hyderabad during their winter break.

Also, during the year, the Centre organized a National Healthcare Conference - "Vivartana: Transformation beyond Reforms" and a Management Fest "Ybrations 2014", in a unique and first-of-its-kind knowledge-partnership with the Centre for Innovations in Public Systems (CIPS). The events attracted large-scale participation by graduates from reputed colleges and universities in the twin cities that deal in health and healthcare management issues as well as talks by eminent professionals on themes of contemporaneous interest such as "Value-added in Health Care Management - Opportunities for Action - Role of Gen-Y". These co-curricular events facilitated information-dissemination, knowledge-sharing and idea-exchange between the academia (faculty and students) and the industry.

Efforts are also underway to seek the approval of the AICTE to rechristen the Programme as Post Graduate Diploma in Management (Hospital and Healthcare Management) to broad-base its focus as well as appeal and utility among (potential) students and recruiters.

## **INDEPENDENT AUDITORS' REPORT**

THE MEMBERS OF  
ADMINISTRATIVE STAFF COLLEGE OF INDIA  
HYDERABAD

### **Report on the Financial Statements**

We have audited the accompanying financial statements of **ADMINISTRATIVE STAFF COLLEGE OF INDIA** ("the College"), which comprise the Balance Sheet as at March 31, 2014 and the Statement of Income and Expenditure Account for the year then ended and a summary of the significant accounting policies and other explanatory information.

### **Management's Responsibility for the Financial Statements**

The College Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the College. This responsibility includes the design, implementation and maintenance of internal controls relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal controls relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the College as at March 31, 2014 and
- (b) in the case of the Statement of Income and Expenditure Account, of the deficit of income over expenditure of the College for the year ended on that date .

**SCHEDULE-S****Notes forming part of the Accounts****1. Corporate Information**

In 1953, a committee of the All India Council for Technical Education recommended that an Administrative Staff College be established in India. Various models were considered and, finally, it was decided to set up a college on the lines of the Administrative Staff College at Henley-on-Thames in England.

On 18 May 1956, Administrative Staff College of India was registered as a society under the Societies Registration Act. Gen. S. M. Shrinagesh was appointed as the first Principal of the College on retiring as Chief of the Army Staff. He took charge on 8 May 1957. Academic activities started in 1957 on 6 December (celebrated each year as ASCI Foundation Day).

**2. Significant Accounting Policies**

(i). All revenues, costs, assets and liabilities are accounted for on accrual basis.

**(ii). Revenue Recognition**

- a) Income from Short Term Management Development Programmes, Seminars and In-Company Programmes is recognized on substantial completion basis. Income from Long Term Management Development Programmes is recognized on proportionate completion basis.
- b) Income from Research and Management Studies is recognized on proportionate completion basis. Income, other than from Research Studies, excludes recovery of expenses.
- c) Income from Investments includes income from Investments of Endowed Chairs, but excludes unutilized income carried forward where there is stipulation to that effect.

**(iii). Gratuity and Leave Liability**

Provision for Gratuity and Leave encashment is made on the basis of LIC of India valuation and the same is partly funded with Life Insurance Corporation of India.

**(iv). Depreciation**

Depreciation is provided on straight-line method (SLM) at rates based on estimated useful life of assets as given below. A full year depreciation is charged in the year of addition and no depreciation is charged in the year of deletion. No depreciation is charged on leasehold land.

CENTRE FOR INNOVATIONS IN PUBLIC SYSTEMS

### **Report on the Financial Statements**

We have audited the accompanying financial statements of **CENTRE FOR INNOVATIONS IN PUBLIC SYSTEMS (CIPS)**, which comprise the Balance Sheet as at March 31, 2014 and the Statement of Income and Expenditure Account for the year then ended and a summary of the significant accounting policies and other explanatory information.

### **Management's Responsibility for the Financial Statements**

The Management of CIPS is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of CIPS. This responsibility includes the design, implementation and maintenance of internal controls relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal controls relevant to the CIPS's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of CUOS as at March 31, 2014 and;
- (b) in the case of the Statement of Income and Expenditure Account, of the excess of expenditure over income of CIPS for the year ended on that date.
