Programme Director

Dear Sir/Madam,

Programme on

CONSTRUCTION AND INFRASTRUCTURE PROJECT MANAGEMENT

(October 21-26, 2024)

In many developing countries, a large number of infrastructure projects are being implemented not only to increase the existing capacities but also to create additional infrastructure and improve the technological capabilities of organizations in all sectors of the economy.

These projects once initiated need to be completed on time, within the budgeted cost, and to a desired level of quality. To achieve this, conscious and deliberate decisions have to be taken to plan, monitor and control the elements of time, cost and quality, through an effective blend of organizational, commercial and systems-oriented method. This approach helps to examine a project in its totality and in a holistic manner. We are conducting a training programme to help practicing executives / engineers adopt the approach.

The Programme is structured to expose the executives / engineers involved in management of Construction and Infrastructure Projects to develop a deeper appreciation of contracting strategies and better apply them strategically to facilitate effective project completion and delivery. The Programme focuses attention on sharing of experiences and ideas relating to infrastructure projects among the participants, with a view to give them a broader perspective on project situations and the tact and discipline required in systematically planning and managing projects and contracts.

The programme is being conducted with the technical support of the World Bank. The World Bank encourages dissemination of knowledge on its funded projects. Project Management Units/ Agencies may sponsor participants using funds from the technical assistance or capacity building components under this project. Interested officials are encouraged to discuss with this Project Director further details.

This Programme would be of immense benefit to organisations involved with various types of infrastructure projects. A copy of the Programme brochure along with the nomination form is enclosed. **It is always beneficial to nominate a team of three or more executives from the same organisation to form a core team for project implementation.** You can also avail a 10% discount on programme fee in case you nominate three or more executives. There is an additional discount of 10% in the programme fee for women participant. Please feel free to use a photo-copy of the nomination form, in case there is a need.

Please note that the nominees are requested to carry with them the proof of Medical Insurance. The Sponsoring Agency is required to endorse the nominee's medical coverage in the event of hospitalisation.

We look forward to your positive reply at an early date.

Yours Sincerely

B.V.N. Sachendra
