

Programme on Advanced Data Analysis Methods and Tools for Executives

(August 05 -07, 2024)

PROGRAMME OVERVIEW

Data analysis is important as companies draw new insights and value out of the raw data by transforming raw data into useful information. Therefore, this programme focuses on presenting few of the advanced data analysis techniques in regression, time series analysis, cluster analysis and sentiment analysis. This programme also presents tools which companies can use for their day-to-day data analysis needs with little or no programming that is needed, as not all personnel are comfortable at programming. We will be covering tools like Tableau, Power BI, Knime, Excel, and sparingly on R as well as Python. Also, as part of the programme, standard data analysis procedures of data pre-processing will be taught.

IMPACT

- Helps in knowing the advanced data analysis methods
- Makes use of tools where there is little or no programming required.
- Helps the companies in deriving useful insights and knowledge out of the data.
