Business Responsibility and Sustainability Reporting - An ESG Tool for Sustainability

(September 02-04, 2024)

PROGRAMME OVERVIEW

In today's rapidly evolving business landscape, **sustainability** has become a cornerstone of success. Environmental, Social, and Governance (**ESG**) considerations are no longer optional but essential elements for businesses aiming to thrive in the long term. Recognizing the importance of ESG and with a view to safeguard the stakeholder's interest, Securities and Exchange Board of India (SEBI) had mandated that top 1000 listed companies to submit Business Responsibility and Sustainability Reporting (**BRSR**) vide notifications dated **10th May 2021** – A mandatory disclosure mechanism reporting their performance on ESG aspects and demonstrate their commitment to responsible business practices. The BRSR format consists of 98 essential indicators and 42 leadership indicators for public disclosure.

As a part of SEBI's mandate, listed entities are required to comply with the BRSR framework, aimed at fostering transparency, accountability, and long-term value creation. Understanding and adhering to these mandatory compliance requirements are not only essential for regulatory alignment but also imperative for companies seeking to thrive in an era where sustainability is integral to business success.

The organisation must involve all the **functional departments**, for effectively reporting the BRSR and to align its operations on sound principles of sustainability. This programme is designed to help all the functional departments to enhance their knowledge on BRSR, sustainability principles and tools.
