Prof. Rajkiran Bilolikar & Sri Amartya Awasthi
Programme Directors

December 11th, 2024

Dear Sir/Madam,

Programme on Climate Tech Innovations - A Sustainability Pathway for Energy Sector (January 20 – 22, 2025)

Globally, the energy sector has seen the highest push for transition to cleaner alternatives through policies, regulations and investor mandates. This is because, energy sector (that includes energy generation and energy use sub-sectors like transport, industry etc.), contributes to over 70% of GHG emissions globally. To effectively transition, it is essential for leaders and executives from energy sector (and energy use sub-sectors such as industry), to understand various aspects that are driving this transition. These include Environment, Climate Change, Regulatory as well as Socio and Techno-economic aspects. For organizations and industries, policies, mandates, ESG frameworks, SBTi framework, Carbon regulations and Sustainability reporting requirements, are the biggest drivers in this transition. Further, within the vast spectrum of climate technology innovations being scaled today, the role of Carbon Markets and Trading (India or international) is also growing. For example, the Carbon Credits Trading Scheme (CCTS) announced in June 2023 and the Indian Carbon markets, would mandate emission reduction in high emitting sectors notified as designated consumers like Aluminum, Cement, Chlor Alkali, Iron and steel, Fertilizers, including DISCOMS and other sectors.

Accordingly, Administrative Staff College of India, that has been at the forefront of leadership and management training for senior practicing managers, along with Centre for Energy Studies, that has contributed significantly to the Energy and Power sector over many decades is pleased to announce this capacity building programme. This programme on **Climate Tech Innovations - A Sustainability Pathway for Energy Sector**, which would be delivered jointly by CES-ASCI and industry experts in Climate Tech innovations, ESG and carbon markets. We request you to attend and nominate leaders and executives for this unique programme. Please do not hesitate to get in touch with us if you need any clarifications or additional information. We can be reached at +91 9704087888/ rajkiran@asci.org.in (Prof. Rajkiran Bilolikar, Director, Center for Energy Studies), or 9910325179/ amartya.awasthi@asci.org.in (Amartya Awasthi, Asst Prof., Centre for Energy Studies.).

We are enclosing the Brochure with Nomination Form. Kindly ensure that the nomination form reaches us by **January 10th, 2025**. Please note that the nominees are requested to carry with them the proof of Medical Insurance. The sponsoring agency is required to endorse the nominees' medical coverage in the event of hospitalization.

Looking forward to the pleasure of hearing from you.

Yours Sincerely

Rajkiran Bilolikar / Amartya Awasthi

Programme on
**Climate Tech Innovations -
A Sustainability Pathway for Energy Sector**
(January 20 - 22, 2025)

Administrative Staff College of India
(accredited as उत्कृष्ट by Capacity Building Commission, GoI)

PROGRAMME OVERVIEW

Climate Technology (Climate Tech) innovations are increasingly becoming the top most funded technologies globally including India across funding stages. There is increasing participation of Corporate Venture Capital and / or corporate grants for R&D, Prototyping, Pilots or Early Commercial Stage demonstrations. The Oil and Gas Climate Initiative's (OGCI) investment arm, Shell Ventures, Total Energies Ventures and now Acceleration initiative and others are examples of the energy sector organizations taking advantage of deep-tech innovations to transform the energy sector. This trend is largely due to the increasing understanding among corporates to their sustainable and ethical responsibilities towards environment and climate change. Environmental, Social, and Governance (ESG) criteria are here playing an important role as they help assess the impact of sustainability and ethical practices of a company on its financial performance and operations. Today, in fact ESG criteria are being looked at not just as a reporting mechanism but as a means for organizations both national and international to mitigate climate risks to their business operations and growth. Further, Carbon Markets have become a pathway for organizations to achieve their sustainability goals as well as move towards the Net Zero vision.

Since the energy sector (considering energy generation as well as various energy use sectors) contributes to over 70% of GHG emissions, there is tremendous need for leaders of energy sector companies to understand assess and learn more about:

- Environment and Climate Change
- Climate Tech Innovations and the role Energy Majors are playing in supporting early-stage disruptive innovations
- ESG landscape and regulations that may have a potential impact on energy business
- ESG frameworks and standards – GRI, CDP, SBTi, BRSR,
- Carbon Markets and Carbon Trading Mechanisms – national and international as a pathway towards ESG implementation for energy sector companies.

This focused programme is designed for senior executives from energy sector organizations, interested in understanding how to integrate and steer ESG practices and leverage the Carbon Markets. The organizations will also be exposed to the upcoming Carbon Trading scheme in India. The learning modules in the programme would be delivered by industry experts from the ESG and Carbon Markets space, as well as in-house faculty experts. No prior experience is needed in sustainability, environment or climate change for this programme.

Administrative Staff College of India, which has been at the forefront of leadership and management training for senior practicing managers, along with Centre for Energy Studies that has contributed significantly to the Energy and Power sector over many decades is pleased to announce this programme on Climate Change and Sustainability for Energy Companies – Alignment with the SDG 7, 13.

Organizational sponsorship is essential

VENUE

The programme is fully residential and the participants will be accommodated in air conditioned single occupancy rooms. The college does not provide accommodation for the family. The college is Wi-Fi enabled in a comprehensive way.

DURATION

The programme duration is 3 days starting from **January 20 - 22, 2025**. The participants are expected to arrive a day before commencement and may leave after the conclusion of the programme.

PROGRAMME FEE

Residential Fee: **Rs. 43,700/-** (US \$683 for foreigners) plus GST as applicable, presently 18% per participant. The fee covers tuition, board and lodging, courseware (in electronic form) and other facilities of the College including internet usage.

Non-Residential Fee: **Rs. 37,700/-** plus GST as applicable (presently 18%) per participant. The fee covers tuition, course ware (in electronic form) working lunch and other facilities of the College including internet usage.

A discount of 10% on the Programme fee for three or more participants from the same organisation will be given, provided the payment is credited into our Bank account before **January 17, 2025**.

Note: Kindly forward us the details of Bank/Wire transfer of fee payment indicating the Programme Code (**Prg/24 - 25/1/ 140**) to **poffice@asci.org.in** for confirmation.

Bank details are given below:

For Indian Participants:

Bank Account Number	62090698675
Beneficiary Name	Administrative Staff College of India
IFSC Code	SBIN0020063
Bank Name	State Bank of India
Branch Address	Bellavista Branch, Raj Bhavan Road, Somajiguda, Hyderabad - 500 082

For Foreign Participants:

Bank Account Number	62090698675
Beneficiary Name	Administrative Staff College of India
Swift Code	SBININBB327
Bank Name	State Bank of India
Branch Address	Bellavista Branch, Raj Bhavan Road, Somajiguda, Hyderabad - 500 082.
Country	India

MEDICAL INSURANCE

The nominees are requested to carry with them the proof of Medical Insurance. The sponsoring agency is required to endorse the nominees' medical coverage in the event of hospitalization

LAST DATE FOR NOMINATION

Please use the prescribed / attached form. Last date for receiving nominations is **January 10, 2025**. Kindly contact Programmes Officer for further details (contact details are given at the end of the nomination form).

LAST DATE FOR WITHDRAWAL

January 13, 2025. Any withdrawals after this date will entail forfeiture of fee paid, if any.

ASCI ALUMNI ASSOCIATION

Participants of the College programmes will automatically become members of the ASCI alumni association.

CERTIFICATE OF PARTICIPATION

The College issues a Certificate of Participation on conclusion of the programme.

Administrative Staff College of India (ASCI) is taking all the precautionary measures and following all the norms (in light of COVID 19) to provide a safe environment for the participants who are visiting our Campus to attend the Training Programmes.

ABOUT ASCI

ASCI is the first Management Development Institution set up in the country at the instance of the Government of India and industry in 1956 to impart state-of-the-art management education for practicing managers, a legacy that we proudly take forward with a strong alumni of over 1,69,000. We are proud of our alumni which includes the leaders of Indian industry and senior Civil Servants in the government, public sector undertakings to be a part of this unique organisation. We are thankful to you all for the support extended in the past and look forward to your continuing patronage in 2024-25.

Also, ASCI conducts customized programmes for Government of India, State Governments, Public Sector, Private Sector and various international organisations. Our experienced faculty bring to the table a wealth of academic credentials, rich industry exposure and act as a catalyst in the classroom discussions, case study analyses and tutorials. Our faculty also conduct international programmes which provide an exposure to the global best practices. In addition to this, faculty at ASCI also carry out large number of management research activities (typically about 100 each year) which helps them provide the much needed value addition in the training programmes. In addition, we conduct non-residential programmes at our New Delhi Centre as well as off-campus programmes at the venue of the client's choice.
